The One Day Cold Cure.
Kermott's Chocolate Laxative Quinine for cold in the head and sore throat. Children take them like candy.

The Biggest Potato.

Mr. A. McHan, of Jasper, Ga., last week sent his daughter, Mrs. W. F. Garwood, of this place, a sweet potato that weighed 10 pounds. This is a straight story. Who can beat it? We also heard of a man in this county that had potatoes so large that he had to blast them out with dynamite, but we do not vouch for the truth of the story.—Blue Ridge World.

So far nine pounds and three quarters is the largest potato that we have heard of being raised in Lumpkin county this year, but a number of years ago we heard of one being produced by a farmer which was so large that it required a special kettle to be made in which to boil it, (it being the desire of the farmer to cook the potato whole) and while the workman was up on top finishing the kettle his hammer dropped, the handle of which rotted before it reached the ground.

The Young Men of To-day.

The young men of to-day are too finicky—too much given to self analysis, to self pampering. Their shoes and neckties cost more each year than did the entire wardrobe of their grandfathers. They feel a sense of degradation in small beginnings and plodding, and they wait for success ready made to come to them. There is not a young man in the country who would imitate Ben Franklin and march through the streets munching a loaf of bread while looking for employment. He dare not, indeed, because society has become also finicky, and he would be arrested as a tramp. The young men of to-day want capital. He cannot be president of a bank, or judge of a court, the first week he is from school, and he feels, like the famous Eli Pussley, that he has "no chance."—Memphis Commercial Appeal.

The Man Who Succeeds.

The man who makes a success of an important venture never waits for the crowd. He strikes out for himself. It takes nerve. It takes a great lot of grit. But the man that succeeds has both. Any one can fail. The public admires the man who has enough confidence in himself to take a chance. These chances are the main things after all. The man who tries to succeed must expect to be criticised. Nothing important was ever done but the greater number consulted previously doubted the possibility. Success is the accomplishment of that which most people think can't be done.—C. V. White.

Deafness Cannot be Cured.

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Hall's Family Pills are the best.

The One Day Cold Cure.
Cold in head and sore throat cured by Kermott's Chocolate Laxative Quinine. As easy to take as candy. "Children cry for them."

Fountains in the Sea.

Several fresh water fountains are known to exist in the Gulf of Mexico, where vessels have frequently filled their casks with the cold sweet water that comes up like a geyser in the midst of the salt water. The fresh water springs, as the sailors call them, have been known in the gulf for 200 or 300 years. They were discovered by early voyagers and were the salvation of many a mariner whose supply of fresh water ran short while he was becalmed in the doldrums. Some of the fresh water springs are marked upon the charts, but there is so little need of them nowadays by the steamers on the gulf, and the sailing fleet is so small, that no attention is paid to them, and they have passed out of the knowledge of the younger skipper.—Chicago Record.

No Empty Menace.

When a man carries a pistol constantly, slipping it into his pocket every morning and taking it out at night, feeling its constant pressure against his person—these things to familiarize his mind with the idea of killing and lowers his conception of the sacredness of human life. What does a man carry a pistol for? To shoot some other man with. The miserable thing is made expressly to kill human beings; it has no other earthly purpose. What a hardening effect it must have, then, upon the conscience and heart of a man who carries it constantly in his pocket and lives in daily contact with it and with the idea it constantly suggests to his mind.—Greenville News.

National City Bank.

The National City Bank of New York is practically the financial agent of the National Government. This one bank controls the money market of Wall Street, which is the money market of the United States. According to a late statement by this bank it had in legal tender a total reserve of \$40,008,900. It disburses the National Internal revenue receipts, amounting to about \$1,000,000 a day. It is called the Standard Oil Bank, as several of the oil company's stockholders are among its Board of Directors.

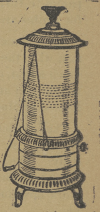

The Cleveland Courier, in commenting on the present stock law very truthfully remarks: Stock-law is absolutely a curse to our mountain country in many respects and the meanest, most sneaking law that was ever enacted, for it comes upon us, forcing its way like a great devil fish almost destroying all before it. But Col. Underwood has put the bits in his mouth, and by the time the legislature meets again he will have hold of the reins. The following is the substance of the bill: To require counties hereafter adopting the stock law and also counties in this State where elections have been held, but where the law has not been declared operative, to fence against such non-stock law, and for other purpose.

Among the tens of thousands who have used Chamberlain's Cough Remedy for colds and la grippe during the past few years, to our knowledge, not a single case has resulted in pneumonia. Thos. Whiddell & Co., 210 Wabash avenue, Chicago, one of the most prominent retail druggists in that city, in speaking of says: "We recommend Chamberlain's Cough Remedy for la grippe in many cases, as it not only gives prompt and complete recovery, but also counteracts any tendency of la grippe to result in pneumonia." For sale by The Matthews Drug Co.

Iowa's Plagues of Toads.

During the last summer Iowa was the home of a most extraordinary swarm of toads. The batrachians appeared suddenly owing to all probability to the favorite hatching of spawn and instinctively moved on in search of a favorable locality. Usually fishes, or birds and other enemies reduce the number of young, but in this instance the eggs of hundreds of toads found almost complete immunity and hatched, and the march began. They first struck the bed of the Sioux City & Pacific railroad and moved along the gravel roadway slowly, or at a rate of six feet in a half a minute, and continued day and night. The most remarkable view of this batrachian procession was at the town of Blencoe, where hundreds of persons witnessed it. The superstitious saw a warning in it and recalled the pest of toads referred to in the Bible; others looked at it as a blessing and carried people far and wide to see it. Naturalists examined it and found that the animals made about three jumps, then remained quiet for five or six seconds, then moved on again; and that about 50 passed a given point in a minute.

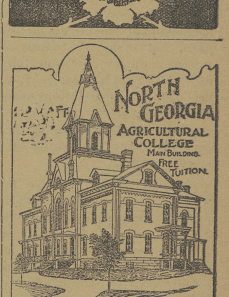

Life on the Farm.

One thing needed in our public-school system is to impress strongly upon the boys and girls in the country schools a higher appreciation of the work on the farm and its beneficial results to society, and to train them for the pursuit to which they are naturally heirs. Teachers can render no more important service than to make the boys and girls under their care see the value and importance of farm life under improved conditions, and it is a very poor system that will not help to retain upon the farm the boys and girls who are so well fitted to become the rebuilders of our country homes.—Greenville Mountaineer.

Frenchmen are becoming alarmed at the low and decreasing birth rate in their country, and steps are being taken to encourage matrimony. A decree has been issued by the new Minister of War abolishing the requirement that every officer of the army who marries shall receive with his bride, as a dot, a sum producing not less than 1,200 francs a year. Officers are now permitted to marry at pleasure. There is talk, too, of placing a heavy tax upon bachelors, in an effort to drive them into the matrimonial fold, if they will not enter it voluntarily.—Ex.

1000000
RELIEVED WOMEN
WINE OF CARDUI
has brought permanent relief to a million suffering women who were on their way to premature graves. Mrs. Mitchell of Cardui performed a "wonderful cure" of falling of the womb, leucorrhoea and profuse menstruation. The weekly appearance of the menses for two months raised her vitality until she was a physical wreck. Her nervous system gave way. Then came the trial of Wine of Cardui and she was cured. My husband induced me to try Wine of Cardui and Black-berry, and now the leucorrhoea has disappeared, and I am restored to perfect health.

In cases requiring special attention, "The Ladies' Friend," Dr. J. C. Chatman's Medicine Co., Chattanooga, Tenn.

A college offering the best of all. A.B., B.S., Normal and Business Men's course. Good laboratory, best of equipment, efficient military discipline, good moral and religious influences. Chicago, based in the State; abundance of country produce; expenses from \$25 to \$35 a year; board in dormitories or private families. Special instruction for teachers, full faculty of 50, all under the control of the University. A college preparatory class. Catalogue of terms. This institution founded especially for students of limited means. Sent for catalogue to the President, J. H. STANLEY, A.M.

NOTICE

Georgia, Lumpkin County.
To all whom it may concern,
I, as administrator of the estate of Young Grindle, deceased, have applied to the ordinary of said county for leave to sell the lands of said deceased and the ordinary will pass upon said application on the first Monday in December next. This Nov. 8, 1900.
S. D. GRINDLE,
Administrator of Young Grindle.

The One Day Cold Cure.
Cold in head and sore throat cured by Kermott's Chocolate Laxative Quinine, the "One Day Cold Cure"

THE NUGGET.

DAHLONEGA, DEC. 7, 1900.

Entered at the Dahlonega, Ga. P. O. as Second Class Matter.

Wright's dispensary bill was killed in the legislature last week.

Representative Bruce helped to kill the Atlanta depot bill Tuesday. His head is level.

Mr. Wright has introduced a bill to prohibit the manufacture and sale of liquor, and intoxicating liquors in Georgia.

A bill has been introduced in the house compelling street car companies to furnish separate coaches for whites and blacks.

Jesse James, Jr., the son of the man who the boys have read so much about, causing many of them to lead bad and reckless lives, has located in Macon.

The legislature commenced last Monday in having two sessions daily. They have fooled away so much time that they have to go to work now and make it up if possible.

Terror Sherrer, a farmer residing near Washington, Ga., has a bale of cotton which was packed during the war. He says that he must have 40 cents per pound for it else he will not sell it.

The appropriation committee of the legislature favor an annual appropriation to the common schools for the next two years to be \$800,000 for each year, to be taken from any fund in the treasury and pay the school teachers monthly.

On the 29th ult. nine people were killed and fully fifty injured at San Francisco by the collapse of the roof of a building causing them to fall into the red hot furnace of the Pacific Glass Works watching a game of foot ball on which they were standing.

The committee on general judiciary has reported adversely the bill to allow grand juries to fix the salaries of county officers, and the pension committee, also turned down the measure to require pension claims to be indorsed by the county grand juries before they were allowed by the state pension commissioner.

Time and again the day fixed for the legislature to pass upon some general bill had to be postponed on account of so many absentees, the few members present being compelled to vote on local bills or adjourn. There are hundreds of local bills which consume much time in the legislature that could be passed upon by the ordinary or Superior Court judges.

Some of the citizens of Dublin, Ga., seem to be greatly aroused. They do not only wish to punish the keepers of blind tigers in that place, but desire the names of persons in the jury box sympathizing with them to be dropped from the same. The committee consists of about 25 persons and whether they can get their wishes carried out is not known, but hardly suppose they will.

The bill of Mr. McAfee for widows who have not heretofore been drawing pensions and who do not own over \$1,000 worth of property and do not have an income of \$250 per year, passed the senate Tuesday. The bill of Mr. Baker to revise the pension list so that no veterans owning over \$1,600 worth of property and an income of \$250 per annum should draw a pension was also adopted.

In a recent municipal election in Smithville between the liquor and anti liquor men they tied. Another election will be held and if the wet ticket carries the license will be fixed at \$9,000 per annum. Men are ready to pay the taxes which will not benefit the place any morally speaking, for men drinking liquor will have it, and when the taxes are high the drinks will be high, taking the unreasonable amount of taxes required out of wives and children's mouths.

Where a veteran transfers his property to his wife in order to draw a pension should be dropped from the list and let his wife keep him up.

Any one wishing to furnish us with wood had better bring it in before Christmas. Quite a number have said that they wanted the Nugget if we would take it in wood but if we don't get it when we want it we will not take any. We don't desire a subscriber to make us a wood proposition and wait until August and ask us if we don't need a load. Besides this we do not want any wood that is shorter than eight feet and a load that is shrunk up too much.

Mrs. J. N. Wilkins died in Yaboola district a short time ago of typhoid fever and her baby soon followed. So afraid were the people in that district of catching the disease that they wouldn't go about the house and Mr. Wilkins had to dress his wife and prepare her for burial himself. This looks hard. What's become of all those church members who often attend meeting and talk and shout and sing "I long to be there," often being heard to say that they want to see their Jesus? Is it possible that they have changed their tunes and minds?

POSTPONED ADMINISTRATOR'S SALE.

Agreeable to an order from the Court of Ordinary of Lumpkin county will be sold at public outcry, to the highest bidder, before the court house door of said county on the 1st Tuesday in January next, within the legal hours of sale, the following property to-wit:

All that parcel of land in the town of Dahlonega, Ga., described as follows: Beginning at the East corner of Chestnut Street and Aravia Avenue on the land lot No. 986 in the 12th District and 1st Section, and running South-West along Aravia Avenue 410 feet to the fence of the college drill ground, thence North-West 132 feet along the present line of fence opposite said college drill ground, thence North-East 410 feet along the line of Capt. Rogers' lot to Chestnut Street, thence down and along Chestnut Street to the beginning corner. On said parcel of land is located a brick dwelling house and other improvements. Also another parcel of land in said town of Dahlonega adjoining the said parcel above described and described as follows: Beginning at the beginning point of first named parcel thence running with said Chestnut Street about 40' 30" East 488 feet thence South-West 121 feet at right angles with Chestnut Street until the line reaches the North and South line on the East side of land lot number 949 in said district and section, thence North along said land line and the fence at the college drill grounds until the line strikes the South corner of said first named parcel of land, thence on a straight line to the beginning point. Both said parcels of land lying contiguous to the one to the other from one entire tract of land containing by estimation five and one-half acres of land, more or less, the same being now under fence, and the same will be sold in one body. Also the lots at West Point in said town of Dahlonega described as follows: The house and lot, where John Roberts now resides, being 210 feet by 100 feet. Also the house and lot whereon John Adams now resides, described as follows: Beginning at the North-West corner of said lot and running South-West 115 feet, thence South-East 48 feet, thence North 61 feet, thence East 14 feet, thence North 57 feet, thence 115 feet to the beginning corner. Also the house and lot whereon John Brockschier and Lafayette Carter reside, said lot being 60 by 170 feet. The last mentioned three lots lying contiguous, the one to the other, but will be sold in separate lots. Also two lots of land number one hundred and twelve and one hundred and thirteen, lying and being situated in the North-Half of the 13th District and 1st Section of Lumpkin county, Georgia, each lot containing 40 acres more or less. Sold as the property of Charles D. Griggs, late of Volusia county, Florida, deceased. Terms cash. This 7th day of November, 1900. W. J. Wootley, Adm'r.

With the will annexed of Charles D. Griggs, Georgia, Lumpkin County. Notice is hereby given that the undersigned has applied to the ordinary of said county for leave to sell lands belonging to the estate of Allen Anderson for the purpose of using the proceeds for the maintenance and education of said Allen Anderson. Said application will be heard at the regular term of the court of ordinary said county to be held on the first Monday in January 1901. W. E. ANDERSON, Guardian of Allen Anderson.

Town Meeting. In accordance with usual custom, and upon request of citizens a meeting of the Qualified Registered Voters of Dahlonega is called at the Court House on next Monday night, Dec. 10th at 7-1/2 o'clock. Only registered voters can participate in this primary meeting to nominate wardens to fill the vacancies now in the city council, to-wit: One warden in the first ward; two wardens in the second ward, and one warden in the third ward. Election to take place on Saturday, 15th of December, 1900. W. P. PRICE, Mayor.

There is no mistake about the death of Mrs. Green, Smith this time. She was buried at Auraria several days ago.

A drunk, a razor and an open knife and an effort to run an old negro woman from home caused Almon Coffee to have to take a nights rest in the calaboose this week.

We are a little afraid that it might shock the modesty of some of our readers else we would tell them about a sensation which occurred out in the eastern portion of the county last Sunday night one week ago. It may be that some grand juror from that locality will bring the subject up before the body during the Superior Court next week.

Col. W. P. Price, president of the board of trustees of the N. G. A. College, and Prof. Stewart, its able and wide awake president, after spending a week or so in Atlanta mixing and mingling with the legislators in the interest of this institution, returned home latter part of last week. Neither never grow too weary to lend a helping hand whenever an opportunity is offered for them to do so in the cause of education.

D. G. STOW,

Funeral Director & Embalmer And Dealer in COFFINS, CASKETS, COFFIN FIXTURES, and BURIAL ROBES, Dahlonega, Ga.

Will be on top this Year With the greatest variety of

EVER HANDLED.

Don't forget that we handle the greatest variety of Christmas Toys and presents of any house in town and sell them cheaper than any one here, in Gainesville or Atlanta.

Pity and Beauty

The most beautiful thing in the world is the baby, all dimples and joy. The most pitiful thing is that same baby, thin and in pain. And the mother does not know that a little fat makes all the difference.

Dimples and joy have gone, and left hollows and fear; the fat, that was comfort and color and curve--all but pity and love--is gone.

The little one gets no fat from her food. There is something wrong; it is either her food or food-mill. She has had no fat for weeks; is living on what she had stored in that plump little body of hers; and that is gone. She is starving for fat; it is death, be quick!

Scott's Emulsion of Cod Liver Oil is the fat she can take; it will save her.

The genuine has this picture on it. Take no other. If you have not tried it, send for free sample, its action will surprise you. SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y. 50c. and \$1.00 all druggists.

THE NUGGET.

DAHLONEGA, DEC. 7, 1900.

Mr. and Mrs. T. S. Littlefield and Little Boy of Grace, Ga., spent last Sunday in Dahlonega.

Now is the time to send in your orders for job work and have it ready for the beginning of the year.

John Huff, the ordinary elect, will move to Dahlonega shortly so as to be ready to commence the discharge of his official duties.

The Dahlonega Hotel was quite lively last week with miners and other visitors, causing the proprietor to wear a very pleasant smile.

The patient having the scarlet fever over in the far end of town is about well. No new cases have as yet been likely to develop as the authorities have used extra precaution.

We welcome to our city the family of Mr. Crox, who has moved from Dawsonville and located here. Mr. Crox has been here for some time following the business of a jeweler.

Quite a number of mechanics and other laborers are now over at the Chestate mine in the employ of Mr. Ashley getting everything in readiness to begin work on a big scale at the beginning of the new year.

Mr. Martin, who is successfully operating a gold mine in White county, was in the city a short while latter part of last week. He reports the mining industry as moving forward with good results in his county.

Wm. Stumm returned last week after a three weeks visit to Missouri where he spent the time with a younger brother who he had not seen before in twenty years. It was a happy meeting but a sad parting.

The family of Moores, mentioned in our last issue as being in destitute circumstances, has received the proper attention by all the citizens feeling disposed to do so, and it can't be said that the sick man's wife and little ones will go hungry any longer.

The city fathers are getting rid of the mud holes in some of the side walks by the use of coarse gravel. This is right and should continue until all the needed ones receive attention. There is enough street tax money paid in to put every one in town in good condition.

After an oyster supper given by the K. P. Lodge last Friday night a dance was enjoyed in the court house. The building was amply large for the big crowd in attendance, which will give the new preacher a subject to begin with, if he opposes members of the church dancing. Any way it was a happy occasion.

Remember that the city registration book closes at 10 o'clock on the night of the 10th inst. and if you wish to take any part or vote in the aldermen election to take place soon the law requires you to register. It has been suggested that none but democrats be chosen. It should be remembered that the gates of Dahlonega are thrown open to home seekers and those wishing to make investments regardless of what political party they belong to, and when republicans locate here and do much towards the upbuilding of the town, causing the valuation of all kinds of property to increase thousands and thousands of dollars in a single year, saying nothing about giving the unemployed labor, it is nothing but right and justice for them to have a voice in these local matters. The people of the United States have selected a republican as president to manage forty-five states and territories and most certainly no one should be opposed to a man or so of the same political way of thinking in helping to see that things are kept straight in a little territory only a mile square like this.

Rev. J. E. Blackburn now occupies his own house recently purchased from John Whitmore.

Judge Tate and his son J. E. Tate will form a copartnership on the first day of next month in the mercantile business.

The other day while passing by the house of an old toothless negro woman she was singing: Sweet birds and sweet flowers have lost all their sweetness 'cept me.

Charlie Kery is out of the Union Co.'s Store—and has gone home to spend Christmas. Geo. Jenkins is keeping the yard stick in motion during Charlie's absence.

Many of those whose subscriptions to the Nugget expired last week renewed promptly. Let others do so when theirs are out so as not to miss a single issue.

H. D. Gurley, and Col. Charters returned from their fishing trip down in Florida last week very much delighted with what they saw and the many fish they caught.

Little Cleo, the three year-old child of Mr. and Mrs. Charlie McAfee, had its feet and legs badly scalded the other day by pulling a vessel containing hot grits from the stove.

Your attention is directed to the fact that E. C. Allen to be found in another column. Mr. Allen has been in our city quite a while, done much work and never has failed in giving satisfaction.

Many postoffice applicants will be surprised and disappointed to learn that news comes from Washington that no changes will be made in fourth class offices unless there is some very good reason.

The Shepherd dog belonging to F. M. Meaders either lost, stolen or estrayed some time ago is eight months old with tip end of its tail white and white spots on neck. A liberal reward will be paid for its delivery to the owner.

The property of Wm. Stringer, deceased, was sold last Tuesday at Administrator's sale. The old household and land was purchased by Thomas Stringer at two hundred dollars. The sale of the Griggs property was postponed until January.

On Thursday of last week Ike Reid cut one of his feet very badly. He had only married a few days previous and instead of taking a bridal tour picked up the ax and went out to clear up some land preparatory for the raising of corn, and while engaged at this the accident occurred.

Capt. J. W. Adams has returned to his home in Tennessee. It was reported here that the Captain had resigned the presidency of the Consolidated Co., but this seems to be news to the stockholders. Mr. Thomson says there is nothing of it, but he will be back as he has usually done and look over the property whenever duty requires it.

Dr. J. T. Hawkins, of Gillsville, and his brother J. W. Hawkins, of Cripple Creek, Col., spent last Friday night and a portion of the next day in Dahlonega, looking around and shaking hands with their many acquaintances and relatives in this section. They were accompanied by their sisters, Miss Sallie and Miss Nannie Hawkins, of Dunwoody, Ga., both of whom attended college in Dahlonega many years ago and it was a great pleasure for their host of old school mates and friends here to meet them again.

In reply to the article in last week's Nugget saying that Judge Tate refused the sick man—Moore—any assistance from the county funds, he says that he would have granted him and his family some relief had an application been made in terms of the law, which is a petition to this effect, signed by citizens of the county. This, he says, was not done and he was powerless to act, but did give something out of his own pocket, which shows that he does not let one in need of relief go unnoticed.

Look elsewhere and see what B. R. Meaders & Sons have for Christmas.

Mrs. W. H. McAfee, after spending some weeks in Atlanta, returned last Tuesday.

If you want to see a big lot of good goods, cheap goods, plenty of goods go to J. F. Moores.

Dr. Jones' residence is receiving a new coat of paint which causes it to have a very nice appearance.

Zeko Blackstock got on enough today last Sunday as to cause the mayor to impose a light fine on him Monday.

The many buildings that have gone up in Dahlonega this year denotes that prosperity is abroad in the land.

A fellow came to town with some stuff called liquor last Saturday so sorry that he had to give the most of it away.

Bro. Thomas of the Dawsonville Advertiser, was in Dahlonega last Saturday shaking hands with his many friend.

WANTED.—By Brooksher and Chapman, Dahlonega, Ga., a car load of good mules, for which a liberal price will be given. If

Joshua Brown, one among the oldest citizens of this county, died a few days ago in Nimbleshill district. He was aged about 93.

Ben. Johnson, has purchased a lot down on Park Street and will build a residence on it an early day. Let the building boom go on.

F. M. Jarard, residing near Gainesville, is building him another house down on Park street who expects to return and make it his future home.

While this lot lasts we will save you 10c to \$1.20 on each pair of shoes bought from us. B. R. MEADERS & SONS.

Last Saturday's election showed that one person in a country precinct in this county is not popular. He ran for bailiff and only got one vote and that was his own.

WANTED.—Wood choppers to cut several hundred cords of 4 foot wood. The cash paid and good price given. Apply to J. W. Rider, month of Yahoola creek.

FOR SALE.—A 40 acre lot of land within one mile of Dahlonega. Also to rent for twelve months an eight room house. Apply or address Clyde H. Meaders, Dahlonega, Ga.

Our Christmas goods will be open to-day. Don't forget they are at the lowest price cash can make. Nothing taken back or exchanged after put away 24 hours. B. R. MEADERS & SONS.

The town pumps have proven to be very expensive. They are all the time out of fix. Tear them out and put ropes and buckets to the wells for the convenience of country people and have them ready in case of fire.

J. A. Howard is going into business of his own and R. T. Lilly, a brother to Col. O. J. Lilly, takes his place in J. F. Moore's store. Mr. Howard will be ready for business right away and the end of the Dahlonega Drug Co. will appear in our next issue.

The telephone line of the Crown Mountain Co. running from the power plant in Chestate district to the mine here, was extended on to the company's office on the public square this week, making it very convenient for manager Moore and others interested.

Sheriff Davis is gradually recovering but will not likely be able to be present during the session of the Superior Court as he is quite feeble, but deputy sheriff Jap Williams will be on hand and look after the business carefully for him.

It will be seen by a notice from the mayor elsewhere that a citizens meeting will be held at the court house on the night of the 10th inst., for the purpose of nominating four aldermen. It is not to be composed of democrats alone but all registered and legal voters.

J. E. Blackburn has a cow and calf for sale.

R. C. Meaders, after taking in the North Georgia Conference, made a trip down to Swainsboro, who returned last Saturday.

The Justices of the Peace should send in for a lot of blanks to this office and get ready for business right. They won't cost you much.

Judge Tate requests that all the newly elected bailiffs come in and make bond within thirty days from their election, the time prescribed by law.

Mr. Noah Chester and Miss Burt the Cochran were wedded last Friday day in Nimbleshill, Rev. K. C. Bearden performing the ceremony.

We welcome to Dahlonega H. L. Gardner, of Atlanta who has located here and associated himself with W. E. Matthews, firm name The Matthews Drug Co.

It is reported here that Dan Corn, who killed his brother in this county during the summer, died a short time ago out in the West. The news comes from one of his brothers out there.

Judge Estes came up from Gainesville last Monday and remained long enough to grant two charters, one to be known as The Amicola Water Power and Mining Co., and the other The Murray Hill Mining Co.

The finance committee has been in session most of this week seeing if all the officers books are ready for court next week. H. L. Coffee was appointed by Judge Estes to fill the vacancy on the board caused by F. W. Hall being away and not accepting the appointment.

The schedule of the Gainesville and Dahlonega mail line was changed back to the slow time of seven hours, beginning first of the month and the mail will often be here after dark these short days unless there are passengers on the hack who desire to be brought in earlier.

W. J. Worley was re-elected Squire of the Dahlonega district last Saturday without opposition. J. C. Williams was also re-elected as one of the bailiffs and the voters being unable to find any one willing to hold the other bailiff's place turned in and elected one of the managers—H. L. Coffey.

A party from Hall county told us last Sunday that they had the small pox at White Sulphur Springs. The Springs are on the Southern Railroad, six miles from Gainesville but neither one of the papers of that city have said a single word about it, although the first case developed some time in October.

Will Jackson, a mechanic from Winder, Ga., cut one of his knees badly last Monday with a foot ax while at work on the Crown Mountain mill. He was near by a fire, the smoke of which blinded him by the blowing of the wind causing him to stick the sharp tool in to his right neck, cutting a portion of the cap off.

Deputy Marshal Grizzle and Collector Richardson destroyed four illicit distilleries last week—two in this county and two in White. One of the stills in the latter county was jerked out by its operator and carried near a mile and sunk in the Tennessee river but was followed by the officers and pulled from its hiding place.

If our citizens would only put themselves to a very little trouble and burn out their chimneys the next time it rains, there would be no danger of the roofs of the houses catching fire at a dry windy time, which might result in an extensive conflagration and leave many without homes. Try to think of this. It is very important.

We have heretofore been in favor of Christmas trees for the Sunday School pupils but since the attendance has gotten to be so small until just before Christmas when a tree laden with presents is expected, we are opposed to them and will not contribute anything more towards them until our mind changes.

Mining Notes.

No where in the whole Georgia gold region is there a greater and more striking example of an immense gold bearing saprolite deposit than is afforded by the Crown Mountain Company's property. To call it a deposit is hardly accurate by reason of the enormous quantities of decomposed ore that is available. From beyond the famous Preacher out looking South West, the saprolite extends in an unbroken length for more than a mile, numerous prospect cuts and tunnels showing this extent. With this length as a basis a simple calculation discloses almost astounding figures as to the mass of this deposit, the amount running up into the millions of tons, so the mind can hardly grasp the vast quantity of gold hidden in this decomposed rock. Many and careful tests have been made from numerous samples taken out of the tunnels and cuts, and an accurate average value of the entire deposit was found to be \$1.87 per ton; the assays ranging from \$1.80 to \$10.34 per ton, while throughout this mass of soft material there are innumerable veins and stringers of very rich quartz many of which assay close to \$100 per ton in free milling ore. With water on top of the mountain these values immediately become available, it only being necessary to wash this soft saprolite carrying the gold into sluice boxes by means of streams of water under pressure from giant muzzles. In addition to these immense saprolite deposits, the Company is preparing by deep mining methods to develop and mill large quantities of very high grade ore, occurring in many large veins ranging in width from two and a half feet to 30 feet of gold bearing quartz, which will be taken out in quantities as soon as the electric power plant is completed.

During the past year we have been furnishing the readers of the Nugget with a weekly report of the mining industry in Lumpkin county. To-day we will give you some clippings from newspapers both north and south to prove to you that we have not been exaggerating in these reports. This is from the Toledo, (Ohio) News:

"George H. Breyman, general manager of the Dahlonega Consolidated and Standard Gold Mining and Milling companies, returned from the mines this morning to spend Thanksgiving at home. Mr. Breyman was seen by the News-to-day, and in an interview, he gives news that the numerous Toledo stockholders will enjoy. He says that the development at the mines is making excellent progress; that the experimental stage is passed, the fact that the Dahlonega mines are all that was ever expected, may be considered demonstrated. Mill-runs of such ore as has been taken from the lower levels, prove conclusively that the values are there, and that they can be saved by the process in use. Mr. Breyman is not a boomer, on the contrary, he is a level-headed business man, who never counts eggs until they are hatched. His remarkable business success demonstrates that. He bases his statements and predictions on mill-runs, and not on assays. He has reduced the work at the mines down to a bases of strict economy, and in the near future, satisfactory results may be expected.

The News never had any doubt about the Dahlonega proposition, and is delighted to be able to assure its readers that all its predictions are to be fully verified."

Bro. Davidson, editor of the Cleveland, (Ga.) Courier, who has no interest in the mines whatever, after a recent visit to our city, speaks as follows:

"Last Saturday afternoon we visited the famous Consolidated Gold Mines of Dahlonega and enjoyed ourselves immensely. These mines are paying fine profits, and the company, under the proficient management of its General Managers, shall certainly continue to bear golden fruit for its stock-

holders. There has been millions of money spent on this property but they will doubtless receive billions in return. Upon Saturday they struck a rich chute at one place that panned out gold at the rate of about 300 pennyweights an hour, being nearly all pure gold. These are beyond a doubt the finest mines in the South. The machinery in the mill is beautiful and cost over half a million dollars. They are now sinking many shafts and some are about 150 feet deep. When they get down a few feet farther they will tunnel out on the veins, some of which are very rich."

Squires Election.

The following persons were elected last Saturday to the office of Justice of the Peace in the various precincts of the county. Cut the list out and preserve it, as you may need to refer to the names of some of these officers during their term of office. It is as follows:

Auraria—J. M. Wheelock and W. B. Lowe tied and another election will have to be held.
Crumby—A. H. Stargel.
Chestate—No return.
Cane Creek—James Ridley.
Dahlonega—W. J. Worley.
Davis—J. C. Higgins.
Frog Town—Geo. B. White.
Hightower—Henry Lee.
Jones' Creek—No return.
Martin's Ford—John Wacaster.
Mill Creek—Harrison Chambers.
Nimbleshill—M. M. Grizzle.
Porter Springs—Dillard Grizzle.
Shoal Creek—Geo. Burges.
Yahoola—James Abercrombie.
Yahoola—Joseph Colwell.

The veterans home bill was killed in the house last Monday by a small vote. Representative Bruce voted against it. He went there to represent the people of his county and felt satisfied that not a single confederate in it wished to go to Atlanta to die.

Those wishing to go to the war from this county some time ago quite likely are glad now that they didn't on account of so many of the poor soldiers going crazy in the Philippines. Several car loads of insane soldiers have arrived from there since the beginning of the struggle, the last car full passed through Washington City last Sunday.

We regret to learn that one of the most respectable ladies in Dahlonega was grossly insulted the other night a short while after dark while returning to her home by some white man. The moon was shining but she did not recognize him. If she had known him it would have been quite awful before having an opportunity of insulting another lady.

Last Sunday while Rev. Mr. Robison, of Hall county, was preaching at Elewah church in the lower edge of Lumpkin, the congregation was somewhat alarmed at hearing the report of a gun a time or two close to the church. The preacher stopped his explanation of the Bible and after old deacon made an investigation, stated to the congregation that it was a man ending the life of a sheep killing dog. "Let him go it," says he, and the minister proceeded.

Several of the boys, including some of the students, have been fined by the mayor this week for lurking about after 11 o'clock at night. This was done in accordance with an ordinance Sec. 156 of the city code which reads as follows: "Any person or persons who shall be lurking upon the streets, sidewalks or alleys or lots or premises of the city, or being and loitering upon the same without legitimate business later than 11 o'clock on any night shall, upon conviction, be punished as prescribed by Section 162 of the code, which is a fine not exceeding one hundred dollars, imprisonment in the guard house not exceeding ninety days, or work on the streets not exceeding ninety days, or more or all of these at the discretion of the trial court."

Consumption

is destruction of lung by a growing germ, precisely as moldy cheese is destruction of cheese by a growing germ.

If you kill the germ, you stop the consumption. You can or can't, according to when you begin.

Take Scott's Emulsion of Cod Liver Oil: take a little at first.

It acts as a food; it is the easiest food. Seems not to be food; makes you hungry; eating is comfortable. You grow stronger. Take more; not too much; enough is as much as you like and agrees with you. Satisfy hunger with usual food; whatever you like and agrees with you.

When you are strong again, have recovered your strength—the germs are dead; you have killed them.

If you have not tried it, send for free sample. Its agreeable taste will surprise you.

SCOTT & BOWNE, Chemists, 409 Pearl St., New York. 50c. and \$1.00; all druggists.

Development of North Georgia.

In a recent issue of the Atlanta News the development of North Georgia is spoken of as follows:

North Georgia is soon to be developed on a gigantic scale. With this end in view, a party of eastern capitalists with immense wealth at their command met at the Aragon Hotel this morning to form a corporation. This organization is to be made the instrument of the building up of great industries and the development of rich mineral resources of that section of the state. These men have already purchased 50,000 acres of land lying in Fannin, Gilmer, Murray, Lumpkin and pickens counties. It is reported also that the Standard Oil Company is a party to the plan of development these wonderful natural resources of North Georgia. As yet no railroad has ever entered this particular section of the state, and there has been on this account no outlet for this great source of wealth. It is said, however, that these men are negotiating with the Southern Railway to build an extension of one of their lines into the very heart of this section.

A fellow-devil tells us that once a preacher said to him: "Editors dare not tell the truth. If you did you could not live. Your newspaper would be a total failure." The editor replied: "You are right; and the minister who will at all times tell the bare truth about his members, alive or dead, will not occupy the pulpit more than one Sunday, and he will find it necessary to leave town in a hurry. The press and pulpit go hand in hand, with whitewash and kind words, magnifying little virtue into big ones. The pulpit, press and graveyard are the great saint-making triumvirate. And the minister went away looking very thoughtful, while the editor turned to his work, telling about the surpassing beauty of the bride, while in fact she was as ugly as a mud fence, and the Christian character of a man who got busted dealing in futures.—Ex.

The Best Plaster.

A piece of flannel dampened with Chamberlain's Pain Balm and bound to the affected parts is superior to any plaster. When troubled with lame back or pains in the side or chest, give it a trial and you are certain to be more than pleased with the prompt relief which it affords. Pain Balm also cures rheumatism. One application gives relief. For sale by the Mathews Drug Co.

An Interesting Reminiscence.

BY REV. N. F. HOWARD, M. D.

At the head of the Tennessee river in Rabun county is located the Rabun Gap High School, some six miles from Clayton, less than a fourth of a mile west of the academy lived an old gentleman by the name of Jerry McCurry. From his home along the lane a large flat, gray rock, extended across the lane and down the same for two hundred feet at a grade of about one foot in thirty. At the foot of the rock, began a beautiful, level, sandy lane, which continue for some distance. The sand had been washed away from the foot of the rock, leaving an abrupt rise of about twenty inches in height. In 1877 in October, I was there for a week, aiding the Rev. J. H. Bentley, pastor M. E. Church South, in a religious service at Dillard's meetinghouse. A section of a circus had been kept over by a great rain storm, Friday night and Saturday before the second Sunday in October, and while delayed exhibited the show. On Sunday morning, being a fine day, the show with all its retinue was on its way to Clayton to be on hand for court next morning and exhibit the show during the week, and I and Mr. and Mrs. James Richie and other friends mounted on horse back, were on our way to attend church, and met the circus show at the foot of this rock. It was led by a large, heavy loaded wagon and five-horse team, and the train behind occupied all this narrow sandy lane. As we could not pass them we rode down to the fence to give way. The driver of this leading team sat in his saddle on the wheel-horse, with one foot thrown across the pommel of his saddle, line and whip lying on his lap, while he was gazing inquisitively on the company waiting for him to pass. At this time the fore-wheels of his wagon struck the edge of the rock, and did not fully mount upon the same, but fell back to its foot, dragging the horses back, then the driver righted himself in his saddle, took lines and whip in hand, popped his whip, reined his horses and commanded them to move forward. It was all said and done rashly, and caused the horses to obey one at a time and the wagon fell back again. He then called for help from the men along the line behind. They came up, white and black, with words of abuse and profane swearing at the driver for his failure to move the rock.

I, at once decided to help them and gave them a mild reproof for swearing. I dismounted, hitched my horse, and walked into the crowd near the wagon, and called out to them in a loud but pleasant voice. Full silence then prevailed while I said, "Gentlemen, this is the Sabbath day, and we ought not to swear to-day." "As to that," said one of the leaders of the crowd, and rather a clownish looking fellow, "we ought not to swear at any time. But if that driver had attended to his own business and not been gazing at you all there would have been none of this trouble."

Then I said, "things like this sometimes happen, but we must not get fretted at them. Let's all now take hold of this wagon and push it up the hill. Don't swear. I'll take hold of the wheel and help you." I am glad to say that not another oath was uttered. And suiting my actions to my words, I laid hold of one of the big wheels and said, "Are you all ready." The answer was "yes." I called to the teamster, "Drive out, we'll all lift," and the wagon went up the rock like a top and the clown said, "Didn't that send her up the hill?" And the whole company gathered around me calling me Colonel, Major and other high names, while I took on my hat and thanked them, and rejoiced with them, brushing the sand off my hat and clothes.

When the caravan had passed our company went on to church and had a nice service at eleven o'clock and at night. As the preacher was not able to get to the church, I did the talking and there was more than one who professed faith in Christ at those services.

Dahlonega, Ga.

Prosperity.

Indeed, this country has never seen such unbounded prosperity along many lines, and yet there are three or more callings that do not feel the flush of better times as they should. The editor, preacher and school-teacher should be made to realize that there is prosperity in the land. These are the most potent factors in social economy, and yet the most neglected. Take the preacher from the pulpit and close the church doors for three years and your country will be gone to the bad; suppress the printing press and about the same results will follow. Take the criticized, unthought, abused and neglected school teacher—the indispensable of the school-room and what? We have a vast deal more ignorance now than we can get on well with, but take the teacher out and see!

Now let the people come to the front and lubricate this, very important part of their social machinery or else, when it is too late they find that prosperity brings with it spiritual and moral cancer. The result will be a condition far worse than the want of money. The sin of Sodom was "idleness and fullness of bread" with the attendant evils, drunkenness and lusts to the neglect of morality and religion.—Caucasian.

Bill Arp on Girls.

Once I was young, but now I am old, and I have never seen a girl who was unfaithful to her mother after ever came to be worth a one-eyed button to her husband. It is the law of God. It isn't exactly in the Bible but it is written largely in the miserable lives of many misfit homes. I'm speaking for the boys this time. If one of your chaps ever comes across a girl that, with a face full of roses, says to you as she comes to the door, "I can't go for thirty minutes yet, for the dishes are not washed," you wait for that girl. You sit right down on the doormat and wait for her because some other fellow might come along and carry her off and right there you lose an angel. Wait for her and stick to her like a cocklebar to a mule's tale.

Emanuel Hawkins, a sixteen-year-old boy of Fairburn, Ga., died a few weeks ago of blood poison, says the Marietta Journal, caused by smoking cigarettes. The young man had been blowing on an ordinary french harp until his underlip had become sore and inflamed. The physicians decided that the nicotine or other poison from the cigarette came in contact with the sore lip and thus produced the fatal result. The sufferings of the youth were terrible and his head and face were swollen beyond recognition.

Good Times in Georgia.

There are good times on the Georgia farms now, says the Columbus Ledger. The 'possum is round and fat, the yams good and sweet, the cider like old wine, the persimmon beer rich and clear, the pumpkin mellow and luscious, the peanuts ready for the parching, the hickory nuts seasoned dry, plenty of meat in the smoke house, the crib bulging with corn and grain, the sun shining clear and bright, the farmer with his pocket full of money and cotton worth nearly ten cents a pound. Truly, hard times with the Georgia farmer are things of the past.

But the proviso should be added that they must raise all their home supplies and plant only the surplus land in cotton. The good times will not stay here if the all cotton folly prevails.

\$100 Reward—Lost, Strayed or Stolen.

A man about the size of a woman, barefooted, with a pair of wooden shoes on, pink green eyes, sunset colored hair, the latter cut curly and the former cut dark. He wore a corned beef colored overcoat, with a sour kraut colored lining, and had an empty tow sack on his back containing a barrel of sky-lights and one dozen assorted railroad tunnels. When last seen he was following a crowd of 5,000 people, who all were trying to become customers of Will Bowen, who keeps the finest butcher shop and market in Dalton. This is one way to advertise.

The bill of Mr. Bell in the Senate last week which provided that only taxes paid by negroes should go to their schools, was tabled and goes over for the session.

Deafness Cannot be Cured.

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Healthy Mothers

Few mothers are healthy, because their duties are so exacting. The anxiety of pregnancy, the shock of childbirth, and the care of young children, are severe trials on any woman. But with Wine of Cardui every woman in the land can pay the debt of personal health she owes her loved ones. Do you want robust health with all its privileges and pleasures? Wine of Cardui will give it to you.

WINE OF CARDUI strengthens the female organs and invigorates weakened functions. For every female ill or weakness it is the best medicine made. Ask your druggist for \$1.00 bottle Wine of Cardui, and take no substitute under any circumstances.

Mrs. Edwin C. Corner, Mich.: "When I commenced using Wine of Cardui I was badly laid up and unable to do my housework. Two weeks after I walked half a mile and soon afterwards I was able to do all my housework. I suffered with labor pains 24 hours and had to remain in a lying position for some time. After using the Wine during pregnancy I gave birth to a healthy baby girl and was in better shape than ever, with but little pain and no loss of blood. I feel great improvement in my health. Thank God and Wine of Cardui."

For advice in cases requiring special directions, address, giving symptoms, "The Ladies' Advertiser," Department "The Chattanooga Medicine Co., Chattanooga, Tenn."

A college education is the reach of all. A. B., B. S., Normal and Business Man's courses. Good laboratories; beautiful, invigorating climate; military discipline; good moral and religious influences. Cheapest board in the State; abundance of sports; produce expenses from \$15 to \$18 a year; board in dormitories or private homes. Special lecture course for teachers; full faculty of men; all under the control of the University. A college preparatory class. Co-education of sexes. This institution founded specifically for students of limited means. Send for catalogue to the President. J. B. S. SWEENEY, A. M.

THE NUGGET.

DAHLONEGA, DEC. 14, 1900.

Entered at the Dahlonega, Ga. P. O. as Second Class Matter.

Gainesville is now talking of having a quilt factory.

It cost \$4.00 every minute to run the Georgia legislature.

Dr. J. S. Thompson, a dentist, of Atlanta was put under arrest this week charged with kissing a girl.

Mr. Bell does not even want poultry to run at large but his bill in the leg slature was defeated almost unanimously.

It looks now as if Dr. Broughton, who has created so many sensations in Atlanta by the free use of his tongue, will have to crawl into a hole and pull the hole in after him.

Mr. Kingsbury, of Auraria, while in Our office last Wednesday informed us that he was going to spend the rest of the winter down at Gainesville on account of his wife's health.

Governor Candler's reform spoken of during his first race is coming out at the wrong end of the horn, judging from the big increase of appropriations made by the present legislature.

It is claimed that the inmates of the deaf and dumb asylum at Cave Springs, Ga., use \$720 worth of butter a year. At least according to the assertions in the legislative proceedings, this amount is charged up to the state.

Among the many visitors to Dahlonega this week was Capt. Asbury, of White county. The Captain thinks that the present legislature beats all previous records for doing nothing. He is an old legislator and knows what he is talking about.

On Wednesday of last week at New Holland Springs, near Gainesville, Ga., M. L. Hollifield, white was shot and killed by a negro named, Earnest Lawman, while a negro ball and a game of cards were in progress. The murderer escaped Hollifield was formerly of Demorest, Ga.

Two members in the house of the Georgia legislature came near hitching during Thursdays session. It was averted, however and has not been "reconsidered" as yet, but maybe as everything else most failing to take place during the present session of the solons has been reconsidered it will be yet.

Rev. Paul Lipscomb, colored, formerly of Hall county, who had reached the ripe old age of 75, made up his mind the other day that he had been forgotten and wanted to take his place above in another clime, shot himself through the stomach with a shotgun, disfiguring him considerably but maybe enough of him was left to be recognized when the general roll is called.

Most every bill of general interest that has been acted on in the legislature when defeated has been reconsidered caused by so many absentees. The absentees of members of the legislature have proven in this way, to be very expensive to the state. Men are supposed to go to the legislature to represent their constituents but many of them spend as much if not more time away from the capitol than they do at it. Such conduct as this should come to a close.

According to announcement a number of citizens met in the court house last Monday evening and nominated four aldermen to fill the vacancies that will occur on the first of January, being Col. O. J. Lilly, T. F. Jackson, Dr. C. H. Jones and E. E. Crison, the latter now being members. We were not present for reasons which are unnecessary for us to mention, but will state that we have no objections to the ticket. They are all public spirited and will certainly fill the positions with perfect satisfaction to a majority of the people else they would not have been selected.

Court Proceedings.

State vs. Bill McDonald—Plea of guilty, fine \$15.00 and cost.

F. M. Rider vs. Mollie Rider—Plea for divorce, granted.

Lucy Ann Head, et al vs. J. B. Larnon, continued on account of absence of witness.

John W. Baker vs. Lucinda Baker—Libel for divorce, first verdict.

Joseph Allen vs. Wm. Skyrmon—Solicited at plaintiff's cost.

First National Bank vs. J. B. Huff, et al—Complaint on note, verdict for plaintiff.

W. B. Owen vs. Teresa Owen—Libel for divorce, first verdict for plaintiff.

The state vs. John M. Gaddis—Misdemeanor, verdict of guilty, fine \$20.00 and cost.

The state vs. Henry Seabolt—Misdemeanor, plea of guilty, fine \$20.00 and cost.

W. J. Burt vs. W. B. Brackett—Partition for petition, etc.—Settled, defendant is to pay \$100 and cost.

The state vs. W. B. Brackett—Misdemeanor, verdict of guilty, fine \$20.00 and cost.

The state vs. Almon Coffee—Assault and battery, plea of guilty, fine \$20.00 and cost.

State vs. Geo Stancil—Misdemeanor, mistrial.

State vs. Charley Anderson—Bastardy, plea of guilty, fine \$25.00 and cost.

State vs. Ples Stevens—Adultery, fine \$20.00 and cost.

State vs. Tom and Marvin Dacket and Jim Rail—Riot, verdict of not guilty.

State vs. W. J. Burt—Misdemeanor, verdict of guilty.

State vs. Mary Roberts—Adultery, plea of guilty, fine \$10.00 and cost.

State vs. E. P. Hayden—Carrying pistol, verdict of guilty, \$20.00 and cost.

Mary M. Findley vs. J. L. Poor and H. C. Parks—Complaint for note, judgement for plaintiff.

This finishes up the proceedings as we go to press.

Pension commissioner John W. Lindsay has made an interesting report as to the condition of the affairs of his office. He gives a table showing the number of pensioners in each congressional district. The report shows that there are 11,558 pensioners in the state. The first congressional district has the smallest number, having only 226, or 1 to 670 citizens, while the ninth district has the larger number, there being 1,731 pensioners in the district, or 1 to every 113 people. Banks county has the largest number of pensioners of any county in the state there being a pensioner to every 64 persons in the county.

The special committee appointed by the legislature, composed of Senators Stone and Upchurch and Representatives Turner, of Rockdale, Tinsinger, of Upson Park, of Troup and Hamby, of Rabun, to visit the N. G. A. College have come, discharged their duty and returned to the Capital City. They arrived in Dahlonega on Saturday afternoon, soon afterwards going to the college, then down to the drill ground where the band played and the students marched, making a very attractive appearance.

We understand that each and every one of the honorable gentlemen were very much pleased with the progress being made by the young people of Georgia in attendance at this institution and the great good it has accomplished, fully realizing that no more money is being asked for than is needed and will lend a helping hand in every way to push it forward. Besides the seven thousand dollars per annum solicited to secure the necessary teachers for the college, is the Bruce bill asking for five thousand dollars to build a dormitory for the young ladies. But little if any objection will be raised, for this college is a state institution, accomplishing too much good to long wait for funds.

The One Day Cold Cure.
Cold in head and sore throat cured by Ker's Cold-Exorciser Laxative Quinine. As easy to take as candy. Children cry for them.

Two of the members of the Temperance Union got so full of liquor that they couldn't attend the meeting last Sunday night. This is no throw off or imagination, for one of these absent members told us so.

A certain man who has been engaged in pretending to "scatter" the gospel occasionally, came the other day and stated that he was going to leave the county and asked us to say something in his behalf. What to say we are at a loss to know. We understand that he has made several "bad debts" and if he has saved any souls there is no record of it that we have heard of, nevertheless he has always paid us for his paper.

H. D. GURLEY & SON,

DAHLONEGA, DEC. 14, 1900.

Go to Chalmers Stow for your coffins and caskets.

Capt. F. M. Williams was elected foreman of the grand jury Monday and Squire Allen secretary.

Many fine prokers are being slaughtered now and people are living fat on fresh meat and fatty bread.

More Christmas goods are being sold in Dahlonega this season than ever before. This denotes prosperity.

While this lot lasts we will save you 10c. to \$1.20 on each pair of shoes bought from us. 2t

B. R. MEADES & SONS.

Dealers in horses and mules in this county are buying up many and will leave for the lower market shortly after Christmas.

WANTED.—By Brooksher and Chapman, Dahlonega, Ga., a car load of good mules, for which a liberal price will be given. If

Since the lurking ordinance is being enforced in Dahlonega but few persons are seen out after eleven o'clock at night except those having business.

We are requested to state that Rev. N. W. Cochran, of Dawson county, will hereafter preach at Siloam church every second Sunday and Saturday before.

Mrs. Sallie Calhoun died in Yachoo district a few days ago aged 86, of typhoid fever. She was an other who was neglected by all her neighbors and had to be dressed by relatives alone.

It has been clearly demonstrated that the men who advertise do the most business. So take warning all who are in the dark. Come out, let your light shine so that people may know what you are and what you have for sale.

The boys had a good deal of fun out of Alonzo Peck over in Wahoo district some nights ago, by making a false man which was placed at his chicken coop and the chickens made to cackle all running off when he came out. Mr. Peck saw the imitation of a man and made at him and choked him quite awhile before discovering the joke.

The dwelling of Anderson Head residing a few miles from Dahlonega and its contents were destroyed by fire last Friday while all were away from home. The burning was not discovered by any of the neighbors until the roof was falling in. The building was a new one and had only been occupied a short while. The origin of the fire is not known but it is believed by some to be the work of some of their enemies.

U. S. Deputy Marshal Grizzle and Collector Richardson have been doing like book agents, thoroughly canvassing the counties of White, Dawson and Lumpkin within the past few days, being very successful in their efforts, having seized and destroyed nine stills last week. Before the hour for church services last Sunday we visited Marshal Grizzle's premises, and found a lot full of old stills, holdings, or formerly did, (for they are now full of holes) from twenty gallons on up to eighty when they were one owned by a very prominent person.

We hardly think it is necessary to have three men appointed who draw pay for being a member of the finance committee of Lumpkin county when one man answers the purpose. The reason we say so last Saturday we noticed that one was working on the books, making figures and calculations and the other two were repairing a house. We have always been opposed to a standing finance committee. If one can do the work why pay three? It is the duty of the grand jury to investigate the county officers books and when the body is over crowded with work then it is time enough to add this extra expense.

Miss Carrie Harbison left last Tuesday on a few days visit to Gainesville.

M. A. Spurlings, in the old Drug Store building is the place to get tobacco, cigars, nuts, apples, etc.

Judge Estes has instructed Mr. Huff, the newly elected ordinary, to supply the court house with good comfortable seats.

The vouchers for confederate veterans and widows of confederate veterans have been received at Judge Tate's office.

Eggs have been selling in Dahlonega at twenty cents per dozen. What will they be at the egg nog season during the holidays?

Berry Akre, col., was arrested here last Monday on a warrant sent down from White county, charged with misdemeanor.

Jesse Chester, of Nimbewill district, comes to the front with a fine poker killed last week which was only a year old and weighed 318.

Rev. J. K. Bearden has been recommended by the grand jury to fill the vacancy on the board of education caused by the death of A. L. Wimpy.

H. D. Jaquish, of Gainesville, spent a few hours in Dahlonega last Tuesday. We always like to see him come because he makes everything so pleasant and agreeable.

Sheriff Davis was not well enough to attend court this week. He seems to improve slowly, and occasionally becomes discouraged but we hope that he will not be shorn off much longer.

W. G. McMelley, the founder of the Nugget is now at work for the Atlanta Journal, devoting his time to writing up towns and cities mostly. Mack is a good writer and knows how to get there with a pen.

H. B. Smith, who recently purchased Rev. John Rider's mercantile interest at Two Run, Ga., was down to see us Tuesday making arrangements to have us to do him a lot of job work, preparing to do business right.

We noticed the appearance in the court house this week the familiar faces of the following visiting members of the bar: H. H. Dean and W. F. Findley, of Gainesville. Judge J. J. Kimsey, of Cleveland and C. P. Bryson, of Dawsonville.

H. D. Gurley & Son have just open out their new stock of goods which composes everything kept in a general mercantile store. See their ad. elsewhere and read some of the prices of goods offered by them and give them a share of your patronage.

Currents, princes, dried figs, raisins, oranges, cocoanuts, grapes, almonds, Block's fresh soda and oyster crackers, spices extracts of all kinds, a fresh line of candies, also toys and fire works for the children. In other words Santa Clause has made F. L. Reese's headquarters this Xmas.

The annual election of the Epworth League held on Monday night as follows: President, Prof. Wilber Colvin. 1st vice president, Prof. J. M. Martin. 2nd vice president, Mrs. B. P. Gaillard. 3rd vice president, Mrs. Wilber Colvin. Secretary, Miss Eliza McAfee. Treasurer, Miss Carrie Harbison. Chorister, Miss Willie May Seaff. Organist, Miss Susie Martin.

Some months ago Sheriff Davis sent a warrant against Sam Teal Jr., charged with assault with intent to murder in this county to the marshal of Dallas, Ga., who after keeping it awhile turned it over to the sheriff of that county. The officer kept it in his pocket, so we are informed, until after the election before executing it. Then when he did, took a bond himself without any authority from the authorities of Lumpkin county, and then sent in a bill of cost. It will probably be some time before he gets his cost for taking bond.

The election for four aldermen for Dahlonega takes place to-morrow. We have not heard of, but one ticket and we don't suppose many votes will be cast.

We scarcely give any instructions to farmers but call their attention to the fact that Cuba onions are selling in Dahlonega at three cents per pound.

Mr. Breymann, vice president and general manager of the Consolidated Co., returned from his northern trip last Saturday and is again giving the Hand his personal attention.

Ray. J. B. Brown informs us that he has at last found out what has been killing his house cats and chickens. It is a catamount. It was discovered the other day by his wife in the field, which made off into the woods before it could be killed.

We could mention some newspaper men who frequently propose to send a person their paper six months free as an inducement for them to subscribe. We make no such offer. If you don't think the Nugget is worth one dollar per annum don't take it.

As improvements have been the order of the day in Dahlonega for some time, and everything has quite a different appearance to what it did a year ago, let the court house and jail receive proper attention. These buildings wouldn't make a creditable picture and denote no prosperity whatever. In fact the court house looks more like an old barn than a house of justice.

We could give you an interesting account of a happy meeting of two of Dahlonega's citizens in Atlanta last week but for fear that it might shock the modesty of some of our readers we will make this item short as we always did sympathize with modest people, especially when they belong to the church and think that they are deceiving the people, and yet editor especially.

The monthly meeting of the Dahlonega Temperance Union held at the Baptist church last Sunday evening was well attended and an excellent program was rendered. New officers for the year 1901 was elected as follows: President, Prof. Wilber Colvin. 1st vice president, Prof. B. P. Gaillard. 2nd vice president, Prof. J. M. Martin. 3rd vice president, R. C. Meaders. Secretary, Col. R. M. Bryson. Treasurer, Prof. B. C. Ansted.

We believe it would be a good idea for preachers, who occupy the parsonage to tie their children's feet during the occupancy of this building. Every year nearly it has to be supplied with a new outfit except mattresses or something that can't be easily destroyed. It is a hardship on the ladies to have to go round every year and beg for new supplies. Ministers should use more economy, and not cause so much trouble for the people are getting tired of it.

Lincoln Wehant, the hatless man of Nimbewill district, was in town the other day, who attracted as usual much attention, for a man going about over the square bareheaded is sure to do that. He won't wear a hat. It is not owing to poverty, for he often loans his neighbors money. He is an industrious farmer and blacksmith, and when he loans a person money won't receive nothing in return but gold or silver—has no use for greenback. He is certainly a curiosity and peculiar man.

We have been asked a time or two what we thought of "our preachers" for next year. It is too early for us to make any reply. But we say however that if they are like some of the ministers we have had heretofore but little will be accomplished in the way of religion. We feel a modesty in mentioning their names, but will say that where a preacher is afraid or does not feel disposed to be in company with sinners and preys the biggest prayers where he receives the most money will miss some stars in his crown when he is being fitted up for the other world, and don't you forget it.

The big new bell for the graded school has been put in position. A good old time singing was enjoyed by many out at Oak Grove church last Sunday.

Dr. Cavender, of Wahoo, spent Monday in Dahlonega shaking hands with his many friends here.

Some of the ladies of Nimbewill district spend, a good deal of time in the woods now catching 'possums.

E. E. Crisson informs us that he expects to commence selling goods in his new building next to Rices shop first of the year.

The scarlet fever is no longer in Dahlonega. There has never been but one case and the patient is well and the yellow flag has been removed from the house.

Your attention is directed to the ad of Paul Castleberry to be found elsewhere, who is located in the Dahlonega Hotel building with a nice lot of new goods and asks you for a share of your patronage. Go and see him.

W. P. K. Lance, of this county, was wedded yesterday to Miss Rebecca Thomson, of Union. The groom is getting gray headed but we hope that he will yet live many more years and enjoy a happy and prosperous life.

N. C. Tank, of Auraria, dropped in to see us last Tuesday. Bony is now in charge of a lot of hands down at the Briar Patch fixing to take out the precious metal. Bony has been in this business a long time and knows how to do it.

What's become of the court house benches? People who have to attend court should have some place to sit. We would suggest that a box supper be gotten up, the proceeds to go for this purpose, if benches can't be secured otherwise.

The town was full of candidates last Monday for bailiffs places, to wait on the court. And even men who wanted to sit on the jury. We heard one man tell deputy sheriff Jay Williams if he needed any extra jurors he would like to be remembered.

The banquet given the legislators at Hall's Villa by the trustees of the N. G. A. College was a very pleasant occasion. Speeches were made in behalf of the town and college by members of the board present, which were replied to by the legislators. Mr. Hamby, one of the committee, used to attend this college and it was a kind of a love feast for him to meet his many friends here again.

Mr. Breymann, in reply last Tuesday to a question in reference to what he thought about Dahlonega getting a railroad soon, said that it was favorable. He said that everything depended upon the success of the improved manner of working for gold. As to this he had already stated to a newspaper reporter while at his home in the north last week that the mill was giving satisfactory results.

Bro. Craig, of the Gainesville Eagle, spent a couple of days in Dahlonega this week. This able writers appearance in Dahlonega is very much like angels visits, few and far between, being the first time that he has been here in twenty-one years. We were glad to meet him again and spent much time in talking over things that occurred in the long ago when we were boys. We hope that he will visit us again more frequent and stay longer.

Dr. Wheelchel visited Atlanta last Friday and assisted Dr. Geo. Noble to remove a large tumor from the stomach of Miss Mary Huff, a daughter of John Huff, of Half Way, Ga. The tumor weighed 29 pounds. It was thought for a while that there were two tumors but since the operation it is believed that this is the only one, being so large that it deceived the physicians. The little girl was getting along all right at last accounts and will be able to return to her home in two or three weeks it is thought.

The tax collector will be in Dahlonega the 18th, 19th and 20th, closing on the latter date.

City Marshal Harbison were so close after two evil doers the other morning that he got the women comb. We have heard of people being snatched bald headed. This is the next thing to it.

Col. R. H. Baker comes to the front with the largest porker that we have heard of being killed in this county so far, which weighed 486 pounds and realized him \$24.13. It was of the Berkshire variety.

The following letter of the 3rd inst. from one of our Columbus, Ohio, subscribers shows how they appreciate the Nugget up North: "Please don't allow my subscription to expire. I do not know when my time runs out and wish you would let me know in time that I may renew and pay up for coming year."

Ellen Stephens, col., was fined three dollars and cost by Mayor Pries last Friday for raising a disturbance some nights ago out on Fox Ride near the colored church. Her husband didn't foot the bill and she was placed in the calaboose where she could sleep between two blankets and be undisturbed in her dreams, a place of rest for the weary.

Quite an exciting runaway occurred on the public square last Saturday morning, being the mules attached to the stage of the Dahlonega and Gainesville line. The driver had driven up to the postoffice to get the mail and while the team was left alone the mules lit out and around the court house and up Hill Street some distance before they could be stopped. Neither the team nor vehicle were injured.

Printers make some right funny mistakes some times. For instance last week the type made it say that when Crown Mountain turned the "muzzle" on the mine it would do wonderful work. If it had have read the muzzle of a giant even it would have been better, but "nozzle" is more proper. Any way Crown Mountain will be washed down when the water power is gotten in shape.

Rev. Wallace Rogers, the newly elected Methodist minister to Dahlonega arrived on Thursday last week, in company with his wife who were met by members of the church and escorted to the parsonage where a splendid supper awaited them prepared by the ladies who never grow tired of doing anything they can do make a preacher and his family comfortable and happy. On Sunday at 11 o'clock he delivered his first sermon and was listened to with much interest by the large congregation present.

The Nugget office was visited last Friday by Wm. Fisher, N. E. Benjamin, of Columbus, Ohio, and N. A. Hadden, of Catawba Island, O. Mr. Fisher comes frequently but it is the first visit to our city by the other two gentlemen. All three own stock in the Consolidated Co. The latter named gentlemen made a general inspection of all the company's property and were well pleased with everything and so delighted with the improved results at the mill that we learn they went away with the expectation of taking more stock in the Consolidated.

The revenue officers for the past week have been giving the blockaders of both Dawson and Lumpkin counties their special attention. Two stills have been destroyed in Dawson and one in this county, capturing but one man however, being Henry Sheriff, operating one of the stills in Dawson. The other belonged to Joe Hix but he was absent. The one in Lumpkin was the property of Frankie and Glenn Rider, not being much of a loss, holding only twenty gallons. The boys had made a little for toothache purposes who were also absent delivering the liquid to their patients, thus escaping the clutches of the officers for the time being.

Mining Notes.

Things are moving along in a business like manner down at the "Briar Patch." About forty hands are at work putting up machinery taking out ore, etc.

Mr. Packard has things just about ready to start his ten stamp mill on the Turkey Hill property, and when he does you may expect to hear of good results.

At the Betz mine, near Auraria, O. C. Scupin is out and James Hughes is its superintendent. A clean up last week after a thirty hours run made 640 pennyweights of gold from ore taken from the bottom of the 440 foot shaft or incline. This is the deepest mine in Lumpkin county, showing that both deep and shallow mining pay here.

We understand that it has been stated that a certain mill in this county would save more than the ore assays. This is a mistake. No mill has yet been invented that will save as much. It is useless for any one to exaggerate about the mines of this county for they pay handsome dividends enough when worked on an economical system. There are more failures in any other business than gold mining. Had you ever thought about it?

The Crown Mountain Co. has a steam pump in the Wallace shaft or incline and have unwaters it preparatory to doing development work. Steam pumping will continue until the electric plant and machinery are installed. The Wallace is one of the richest and most famous mines in the Dahlonega region. The entire width of the vein averages nearly \$200 per ton, while portions of it will run up into the thousands. You can go into the Wallace incline and see the gold in the vein at a distance of ten feet by candle light.

Last Tuesday we made a trip down to the Consolidated Co's big mining works in company with Mr. Harbison and Brother Craig of the Gainesville Eagle, and were kindly shown through the mill, all over the works by general manager Breymann, and even under ground to the end of the big 550 foot tunnel. Everything was moving along like clock work, the laborers all being as busy as bees at various places and no where did we see more superintendents than were needed, neither did we see any manager sitting around reading a newspaper—all were busy. It is a wonderful sight to see this big lot of machinery, costing many thousands of dollars running so smoothly. We have been down frequently but never fail to see something new and interesting every time we go. It is such an enormous enterprise that it is difficult to tell it as it is for many would believe us. It surprises all who visit the place. We started at a point where the ore is dumped into the crusher and went on down in to the mill to where the gold is caught on the plates, and from there to the tunnel which is being driven to strike the large sixteen foot vein. A number of good veins have already been crossed in this tunnel but none of those will be molested till they reach the other, then stopping will commence all along. In one of the shafts they have nearly reached the desired depth when drifting will begin in it and also in the others as fast as they get ready for it. When this is done they will be ready to keep the entire 120 stamps running on full time, the ore being of such a quality as to pay them well as their machinery saves almost all the gold—95 per cent. There will be no trouble in getting it out as the men with an compressed air drill averages about thirty-five feet every ten hours. A record is kept of every driller and the ones cutting the most are kept at it and paid well for their labor causing each man to take a pride in his work to the delight of his employer.

Noble Women.

The world loves a true and noble woman more than the greatest beauty that ever lived on the most brilliant intellect. Within the memory of every one there are noble, womanly lives, that have been dearer and better to us than the most brilliant women of history. Not for the beauty of a Helen of Troy or a Cleopatra, nor for the brilliance of George Sand or a Joan of Arc would we sacrifice these lives. Indeed, if we had to choose between one or the other, we would wipe from the slate of history those historic characters rather than destroy the sacred influences of a noble mother, sister or wife which has shaped our career.—Ex.

No one can reasonably hope for good health unless his bowels move once each day. When this is not attended to, disorders of the stomach, aris, biliousness, headache, dyspepsia and piles soon follow. If you wish to avoid these ailments keep your bowels regular by taking Chamberlain's Stomach and Liver Tablets when required. They are so easy to take and mild and gentle in effect. For sale by The Matthews Drug Co.

Faith in Advertising.

Without newspaper announcements no man who has commodities to sell or services to render can achieve as high a degree of success in business as he could with judicious advertising; and the success with which newspaper publicity brings is worth many times its cost. A leading merchant of Syracuse (New York) says: "Most of the owners of large mercantile establishments who use newspaper space had their start under the same conditions that nine-tenths of the small merchants work under. They have had faith in advertising, and the courage to buy space."—Columbus Sun.

Among the tens of thousands who have used Chamberlain's Cough Remedy for colds and la grippe during the past few years, to our knowledge, not a single case has resulted in pneumonia, rheumatism, etc. Co., 240 Wabash avenue, Chicago, one of the most prominent retail druggists in that city, in speaking of it says: "We recommend Chamberlain's Cough Remedy for a gripple in many cases, as it not only gives prompt and complete recovery, but also counteracts any tendency of a gripple to result in pneumonia." For sale by The Matthews Drug Co.

During the past year quite a number of weekly papers in North Georgia have been in charge of ministers while located in the towns where they are published, causing the people to lose interest in them preferring to hear sermons delivered at the church in the pulpit rather than to read them in a newspaper. Preachers are supposed to be too modest to handle the quill as country editors have to and they had better never touch it. Besides it is a hard matter for a man to run a newspaper and get to heaven and no divine should take any risk if he has any hopes getting there.

If you would have an appetite like a bear and a relish for your meals take Chamberlain's Stomach and Liver Tablets. They correct disorders of the stomach and regulate the liver and bowels. Price, 25 cents. Samples free, at The Matthews Drug Store.

A car load of negro soldiers from the Philippine Islands passed through Houston recently en route to Washington. They were all insane, securely chained and strongly guarded. Insanity seems to be epidemic among our soldiers in the far East. This whole Philippine business has an insane look in its face.—Texas Farm and Ranch.

\$500 REWARD.

We will pay the above reward for any case to Live Complaint, Dyspepsia, Sick Headache, Indigestion, Constipation or Colic, or any other ailment of the bowels. We cannot cure with Liver, the Up-to-Date Little Liver Pills when the directions are strictly complied with. They are purely vegetable and never fail to give satisfaction. 25 boxes contain 100 pills. 50 boxes contain 250 pills. 25 boxes contain 50 pills. Sent by mail. Stamp taken. N. E. W. H. C. TATE, C. O. Clinton and Jackson Streets, Chicago, Ill. For sale by C. H. Jones, Drug Store, Dahlonega, Ga. July 20 '91.

TAX NOTICE, THIRD AND LAST ROUND.
Dahlonega, Dec. 18, 19, 20.
JOHN F. SARGENT, T. C.

Hon. Sen. Wright may run for governor on the prohibition ticket.

There are now 2,495 inmates in the Lunatic asylum, being a gain of 112 in twelve months.

A balloon fitted with automatic instruments was sent up recently in Paris and came down safely. The instruments showed that it had risen to 50,000 feet, or over ten and a half miles. At that height the temperature outside of the balloon was 102 degrees below zero.

So much dust and litter are left behind on the London bridge by the passage over it of 200,000 pedestrians and 20,000 vehicles daily that three or four carts are required to carry off the fine debris from leather soles and iron tires. It is said that twenty-five cubic yards of granite are reduced to powder each year by the incessant traffic.

An imperfect skin is always caused by bad blood. Remove the cause! Improve your blood. How? By taking the blood purifier that has stood the test for thirty years

THE Crown Mountain Gold Mining & Milling Co.

The Crown Mountain properties are situated in the very heart of the Georgia gold belt and is in the rich center of all the leading gold veins of the Dahlonega district. They embrace what is believed to be the mother lode of the Appalachian Range.

The extensive and rich ore bodies in sight upon these properties assure long continued mining operations and the indisputable guarantee of the permanent and increasing value of the stock of "The Crown Mountain Co."

The projectors of this company were the first to revive the mining interest in this district in 1896. After three years of careful and exhaustive examination of all the mines of the district of reputation as gold producers, and they had the choice of all, they selected the Crown Mountain combination as the ideal gold mine of the district which would yield or produce the most gold with the least expense. This opinion is shown by all the mining engineers, mining experts, miners and citizens of any standing in the district who are familiar with the properties. As an evidence of this we here state that more of the citizens of the town of Dahlonega and vicinity have taken stock in this company than have in all the other companies combined that have organized in this district.

The company is to be managed by practical business men—who have given much of their time to mining and mining operations, and always with unvarying success.

The present directory is for the most part composed of men who have had much experience in the mining enterprise, and under its efficient and economical management, and by reason of a visible gold supply that is practically inexhaustible, an investment in the stock of this company is undoubtedly safe. The capitalization of the company is not commensurate with the visible productiveness of the properties and is meagre compared with the capitalization of other fully celebrated mines in the district, but the management believe it will be able to make the stock worth above par.

We invite all prospective investors to make a personal inspection of the mines. We also invite them to examine all the other mines in the district—compare the quality and quantity of the ore and the facilities for economically treating the same. We have no fears of where the choice will fall.

Until further notice of advance prices, the stock of this company will be sold at the minimum price of 50.00 per share. For further information apply to J. F. or J. H. Moore, Dahlonega, Ga., or Donovon & McCabe, 10 & 12 West Spring Street, Columbus, Ohio, or Gen. Warner, Marietta, Ohio.

Georgia, Lumpkin County. Notice is hereby given that the undersigned has applied to the ordinary of said county for leave to sell lands belonging to the estate of Allen Anderson for the purpose of using the proceeds for the maintenance and education of said Allen Anderson. Said application will be heard at the regular term of the court of ordinary said county to be held on the first Monday in January 1901.

W. E. ANDERSON,
Guardian of Allen Anderson.

POSTPONED ADMINISTRATOR'S SALE. Agreeable to an order from the Court of Ordinary of Lumpkin county will be sold at public outcry, to the highest bidder, before the court house door of said county on the 1st Tuesday in January next, within the legal hours of sale, the following property to-wit:

All that parcel of land in the town of Dahlonega, Ga., described as follows: Beginning at the East corner of Chestnut Street and Arcadia Avenue on the lot No. 986 in the 12th District and 1st Section, and running South-West along Arcadia Avenue 140 feet to the fence of the college drill ground, thence North-West 132 feet along the present line of fence opposite said college drill grounds, thence North-East 410 feet along the line of Capt. Ingerson's lot to Chestnut Street, thence down and along Chestnut Street to the beginning corner. On said parcel of land is located a brick dwelling house and other improvements. Also another parcel of land in said town of Dahlonega adjoining the said parcel above described and described as follows: Beginning at the beginning point of first named parcel thence running with said Chestnut Street about 40' 30" East 488 feet thence South-West at right angles with Chestnut Street until the line reaches the North and South line on the East side of land lot number 940 in said district and section, thence North along said land line and the fence at the college drill grounds until the line strikes the South corner of said first named parcel of land, thence on a straight line to the beginning point, both said parcels of land lying contiguous the one to the other form one entire tract of land containing by estimation five and one-half acres of land, more or less, the same being now under fence, and the same will be sold in one body. Also the lots at West Point in said town of Dahlonega described as follows: The house and lot, where John Roberts now resides, being 210 feet by 100 feet. Also the house and lot whereon John Adams now resides, described as follows: Beginning at the North-West corner of said lot and running South-West 115 feet, thence South-East 45 feet, thence North 61 feet, thence East 64 feet, thence North 67 feet, thence 115 feet to the beginning corner, the house and lot whereon John Brooks and Lafayette Carter reside, said lot being 60 by 170 feet. The last mentioned three lots lying contiguous, the one to the other, will be sold in separate lots. Also two lots of land number one hundred and twenty and one hundred and thirty, lying and being situated in the North-Half of the 13th District and 1st Section of Lumpkin county, Georgia, each lot containing 40 acres more or less. Sold as the property of Charles D. Griggs, late of Volusia county, Florida, deceased. Terms cash. This 7th day of November, 1900. Wm. J. WORLEY, Adm'r with the will annexed of Charles D. Griggs.

Young Women

The entry into womanhood is a critical time for a girl. Little menstrual disorders started at that time soon grow into fatal complications. That female troubles are killing graveyards proves this. Wine of Cardui establishes a painless and natural menstrual flow. When once this important function is started right, a healthy life will usually follow. Many women, young and old, owe their lives to Wine of Cardui. There is nothing like it to give women freedom from pain and to fit young women for every duty of life. \$1.00 bottles at druggists.

Mrs. Della M. Strayer, Tully, Kan. "I have suffered untold pain at menstrual periods for a long time, was nervous, had no appetite, and lost interest in everything, in fact was miserable. I have taken four bottles of Wine of Cardui, with Theodore's Black Draught, when needed, and today I am entirely cured. I cannot express the thanks I feel for what you have done for me."

For advice in cases requiring special directions, address, giving symptoms, the Ladies' Advisory Department, The Chattanooga Medicine Company, Chattanooga, Tenn.

Grand Jury Presentments.

December the 10th, 1900.
We the grand jury, chosen and sworn for December special term of Lumpkin Superior Court, for Lumpkin county, Georgia, beg leave to make the following presentments:

PUBLIC ROADS.
We find the roads throughout the county, with a very few exceptions in bad condition, and we earnestly recommend that the Ordinary give this part of his duties his immediate attention by having all the public roads of the county thoroughly worked and put in first class condition. It is with a great deal of reluctance that our body refer to the subject of roads, as recommendations have been made from year to year by different grand juries only to be forgotten or laid aside and no attention given them.

We recommend that the iron bridge at Leathers' Ford be thoroughly painted and all bolts tightened up and put in good condition. We recommend that the ordinary have a good and substantial wooden bridge placed across the Chestate river at Neisler's Ford.

PUBLIC BUILDINGS.
Grand jury visited the jail in a body and found the sanitary arrangement of the jail to be in bad condition. On examination of the cells, we found that more mattresses and cover were needed and that the pump and reservoir should be repaired and placed in good condition, and also that all broken glass in windows be replaced. We would therefore recommend that the ordinary have all the above improvements made as early as possible, and the jail put in first class condition.

We recommend that the ordinary have the court house thoroughly repaired, all leaks stopped and roof painted, all blinds repaired and painted. Boxed under roof where decayed repaired, and all other necessary repairs made. That the court room be neatly and substantially seated, and other needed changes as recommended by his honor, the presiding judge, be made, in accordance with his wishes.

PAUPER'S HOME.

We have through a committee of four of our body thoroughly examined the above property of the county. We find six inmates at the home, all well clothed and cared for and as contented as could be expected under the circumstances.

The farm has been much improved under the present management. We find on the farm 100 bushels good corn, 100 bushels fodder, 3 loads hay, 48 bushels sweet potatoes, 7 bushels Irish potatoes, about 250 heads cabbage, a good turnip patch, 5 bushels dried fruit, 8 bushels onions, 22 cans fruits, 10 lbs. tobacco, 85 chickens and 22 gallons apple vinegar. We also found on the farm one good milk cow, one two year old heifer and three stock hogs, a good one horse wagon and harness and all needed farming tools and implements, a good barn and stable with 2 good stalls, corn crib with shelter attached. We find the home well kept and in a healthy condition. Ample supplied with bedding and cover and necessary furniture. Also kitchen furniture sufficient for the home except we find that a cook stove is badly needed. We would recommend that a suitable one be provided by the ordinary, and also that a mule be bought for the use of said farm. We also recommend that all needed repairs on the houses on the farm be made under the advice and direction of the ordinary. Your body would recommend that C. W. Ash be retained at a salary of one hundred dollars for the year 1901. As to the expense of the pauper's home, see report of finance committee.

BOOKS OF COUNTY OFFICERS.
We have through finance committee examined the books of the several county officers. See report of said committee hereto attached. We find the tax returns for the year 1900 to be \$804,465 an increase from last year of \$156,294. We have through an appointed committee examined the J. P. and N. P. dockets as far as limited time would permit and found them correctly kept.

We recommend that the following persons be appointed Notary Publics for their respective districts, to wit: J. R. Anderson for the 881st district G. M. James Foster for the 840th, Miles M. Berry, for the 1415th, James H. Satterfield for the 1296th, H. W. Stringer, for the 838th, J. A. Hollifield, for the 821st.

We also recommend that John K. Bearden be appointed a member of the board of education for the unexpired term of Arch L. Wimpy, deceased.

We have examined the pension rolls of disabled confederate soldiers and widows and find no changes necessary. Except that we would recommend that John L. Gamlin who was a member of Cobb's Legion C. S. army during the whole war between the states, be placed on the insolvent list of the pension roll.

We recommend that M. M. Grizzle be placed on the indigent roll of pensions.

We recommend that Dr. H. C. Wheelzel be paid the sum of \$25 for the medical attention and services rendered Clifford Gaines during his severe illness with typhoid fever, and that said sum be paid out of the pauper's fund. We would also recommend that the sum of \$124.23 for expenses in nursing and caring for the said Clifford Gaines during his sickness (which amount was furnished by the city authorities) be paid out of the pauper's fund of the county.

We recommend the bill of R. J. Swain for \$5.00, transcribing the evidence in the case of the state vs. Leifner, col., in Justice Court be paid by county. We recommend that F. M. Williams, Bascomb T. West and Joseph Allen be finance committee for the year 1901.

We recommend that the pay of

jurors for the year 1901 be fixed at \$1.50 per day, and that court battiffs be paid the same amount per day while on duty. We recommend that B. R. Meaders be paid \$2 for conveyance of finance committee to visit pauper's home.

In taking leave of his Honor, Judge J. B. Estes, and our Solicitor General, Hon. W. A. Charters, we wish to extend our thanks for all courtesies shown our body and favors extended.

We recommend that these presentments be published in the Dahlonega Nugget and Signal.

To the Honorable Grand Jury of Lumpkin County:

We the Finance Committee beg leave to make the following report:

We have examined the books of G. C. Wallace, clerk, and find them correctly kept, and find a balance due the present officers from insolvent cost of \$178.60.

We have examined sheriff J. M. Davis' books and find them correctly kept. We find sheriff's expenses since last report to be \$285.01. Received payment by county order \$285.01—books balance.

We have examined the accounts of the keeper of the Pauper's Home and find them correctly kept showing expenses since last report amounts to \$147.08, paid out as follows: Supplies for the Home \$80.86
Salary of keeper 8 months 66.22

\$147.08 \$147.08
Total \$147.08 \$147.08
Paid out on proper voucher, 1371.62
Leav. bal. on hand of \$ 714.50
We have examined the books of Treasurer B. F. Anderson and find them correctly kept. Balance in treasury at last report, \$1506.05
Received of W. H. C. Tate for sale of co. property 154.00
Rec. of W. H. C. Tate or for cost and fines 29.51
Rec. of J. F. Sargent, T. C. 1124.70
Rec. of W. H. C. Tate, ord'y, rent for entertainment 2.00
Rec. of W. H. C. Tate, ord'y, P. O. rent 6 mo. 24.00
Bridge fund overdrown before last report 58.41
Trans. from jury fund to bridge fund 601.41

Total \$3500.68
Paid out since last report on proper vouchers 2800.99

Balance in treasury \$ 699.69

We have examined the books of tax receiver Stargel and find them neatly and correctly kept.

Respectfully submitted,
J. E. McGEE,
G. McGUNE,
HENRY L. COFFEY,
Finance Committee.
Lumpkin Superior Court,
December Special Term, 1900.

It is ordered that the foregoing general presentments of the grand jury be received and entered on the minutes of Court and that the same be published as recommended by the grand jury.

Done in open Court this 14th day of December, 1900.

J. B. ESTES, J. S. C.
W. A. CHARTERS, Sol. Gen.
Clerk Superior Court's Office,
Dec. 14, 1900.

I, G. C. Wallace, Clerk of the Superior Court of Lumpkin county do certify that the foregoing presentments are a true extract from the minutes of Court.

G. C. WALLACE, C. S. C.

Superior Court Adjourns.

The Superior Court of Lumpkin county adjourned last Friday at noon. The special jury was dismissed the night before and court would have adjourned then had the grand jury been able to get through.

The following is the remainder of the court proceedings not published last week, as follows:

James M. Robinson vs. James M. Davis—Rule to distribute money, rule discharged. Sheriff ordered to pay money on Jarrard fifa, plaintiff to pay cost.

The state vs. Geo. Corn—verdict of assault and battery, fine \$60.00 and cost.

The state vs. W. J. Dart—Misdemeanor, fine \$20.00 and cost and \$10 for contempt.

The state vs. Jake Postell—misdemeanor, plea of guilty, fine \$20 and cost.

The state vs. Auther Laiter—Assault and battery, verdict of guilty, fine \$40.00 and cost.

Joannah Gillispie vs. Alex Gillispie—Divorce service, to be perfected by publication.

Among the tens of thousands who have used Chamberlain's Cough Remedy for colds and a gripe during the past few years, to our knowledge, not a single case has resulted in pneumonia. rhos. Whitfield & Co., 240 Wabash avenue, Chicago, one of the most prominent retail druggists in that city, in speaking of says: "We recommend Chamberlain's Cough Remedy for 15 gripe in many cases, as it not only gives prompt and complete recovery, but also counteracts any tendency of a gripe to result in pneumonia." For sale by The Matthews Drug Co.

If you would have an appetite like a bear and a relish for your meals take Chamberlain's Stomach and Liver Tablets. They correct disorders of the Stomach and regulate the liver and bowels. Price, 25 cents. Samples free, at The Matthews' Drug Store.

Wanted His Measure.

The Wichita (Kan.) Eagle says at a recent spiritualistic meeting the spirit of Elijah Crosser was called for. Elijah Crosser had died there in an early day, but was remembered for his immense stature, six feet five inches.

A voice in the darkness said he was Elijah. "Are you in heaven?" asked an old timer. "Yes," came the answer. "Are you an angel, Lige?" "Yes." The questioner paused, evidently having exhausted his fund of questions, and then suddenly inquired: "What do you measure from tip to tip, Lige?"

That Cough Hangs On

You have used all sorts of cough remedies but it does not yield; it is too deep seated. It may wear itself out in time, but it is more liable to produce a gripe, pneumonia or a serious throat affection. You need something that will give you strength and build up the body.

SCOTT'S EMULSION

will do this when everything else fails. There is no doubt about it. It nourishes, strengthens, builds up and makes the body strong and healthy, not only to throw off this hard cough, but to fortify the system against further attacks. If you are run down or emaciated you should certainly take this nourishing food medicine.

THE NUGGET.

DAHLONEGA, DEC. 21, 1900.
Entered at the Dahlonega, Ga. P. O.
as Second Class Matter.

The commissions for Justices of the Peace have been received by the ordinary.

Whisky dealers and blind tigers didn't escape the attention of the grand jury last week.

The common schools get \$88,000, 000. An effort was made to raise it to \$1,000,000 but this met defeat.

The U. S. pension bill in the house last Saturday carrying \$145,000,000 passed in 13 minutes.

Dahlonega will never be a "dry town" as long as a member of the council is allowed to sell intoxicating stuff.

Dealers who retail cigarettes hereafter will have to pay \$10 per year instead of \$5, commencing first of the year 1901.

W. J. Bryan, after making a fruitless effort to get into the presidential chair, has decided to run a weekly newspaper.

The soldier's home bill passed, and all the old worn out veterans having any desire to go to Atlanta to die will have the opportunity of doing so.

It is said that Governor Candler is very much displeased with some of the extravagant appropriations the legislature made and will use his pruning knife on some.

Will Evans, of Hall county recently sentenced to the chain gang seven years for murdering Merck, has decided that he wants no new trial and has been sent to the Chattahoochee brick yard.

Atlanta didn't succeed in getting her depot bill through the session of the legislature just closed but will do so eventually. It is hard to down Atlanta when her citizens set their heads to accomplish anything.

Mayor Woodward, of Atlanta, was found drunk on the streets of that city last Monday night and had to be locked up by the police. Dr. Broughton sustained his charges against Mr. Woodward but was mistaken in his assertions recently made by the police drinking, shown by an investigation. A warrant has also been sworn out for the mayor for carrying a pistol, having had one concealed when arrested.

Subscribe for the NUGGET if you want the news. We have no collegiate education and some times get our grammar a little mixed but we will put it in a shape so you may understand what is meant. Education was not free when we were young like it is today. We see numbers of young people on the streets who should be taking advantages of the educational facilities now offered. Some day, if they live, they will regret not doing so.

The legislature hung on until 5 o'clock last Sunday morning before adjourning. They seemed to dislike to give it up. They got into a wrangle over a small question and it looked very much for awhile like an extra session would have to be called. This legislature will be remembered in history a long time to come. More noise was created and less good accomplished of any legislature ever in session before.

Mr. Chas. O. Lindsey, after a stay in Dahlonega of nine months took his departure for Gainesville yesterday. Mr. Lindsey is a high toned business gentleman and clever as the cleverest men of such qualifications we regret to give the parting hand. He was accompanied by his wife. On Saturday evening previous to his departure Mr. Lindsey gave one of his grand triple combination entertainments at the college chapel consisting of panoramic, stereopticon, views, beautiful dissolving pictures and phonograph, something not often witnessed by the people of Dahlonega. Each and every one present enjoyed it very much.

They are on their way to the power plant of The Crown Mountain Gold Mining Co. from Gainesville with a piece of machinery weighing seventeen thousand lbs. It requires from twenty to twenty-four mules to pull it and will take several days to make the trip.

Before another regular issue of the NUGGET appears all the new county officers will be in power. In the court house will be found Mr. Huff occupying the ordinary's office and Mr. J. H. Moore sitting up stairs in the clerk's office with pen in hand ready to wait on those having business with him. As soon as Mr. Huff takes charge he will begin at once to carry out the instructions of the judge and grand jury. The court house will be supplied with stationary seats and no more balls will take place in the building, neither for love nor money.

Two years ago when Lumpkins representative succeeded in getting an appropriation of \$6,000 for the college a big reception was given him when he came home. This time, our representative and senator secured the institution \$7,000, the biggest appropriation it ever received, but we hear of no reception. Besides this Mr. Bruce succeeded in getting his bill passed for a donation of \$5,000 for the erection of a girls' dormitory, and still we hear of no reception spoken of. So in honor of the gentleman we will name it the Bruce Dormitory, matters what others may call it.

The grand jury presentations will be found on the first page of this issue. It will be seen by reading them that the body had an eye to business and recommended many things that are of much importance to the county. They found the jail and court house in bad condition—not enough seats in the latter to accommodate the public having business at court. The room was not sufficiently heated. We saw witnesses and defendants standing in the room shivering with cold. But all this was noticed and will receive proper attention in the course of a short time, and by the time the court convenes again the public buildings will be put in good shape and present a different appearance to what they do now.

It will be seen by a communication elsewhere that people are complaining about the conduct of the boys at the postoffice when the mail arrives. We have frequently heard strangers say that they never saw or heard anything like it before. Do let it stop. Dahlonega is a civilized community and should not be odd from other places. When you go to the office act like you were in the presence of your father, mother or sister. But few ladies go to the office now until the big rush is over. You all like the presence of ladies. Now conduct yourselves in a manner so they will come out and not have to be last getting their mail.

Bad Conduct at the Postoffice.

Mr. Editor:—While I was in Dahlonega attending court and other business I was struck very forcibly with the general improvements around the city and the order that your city maintained during court and I noticed that there are improvements in almost everything, but there is one thing which I think you or some one else should call the attention of whose business it is. I see that your postoffice, or I should say our P. O., is situated in the center of the city, at the court house, and has all the latest improvements and is a credit, or would be to any town in Georgia. But what I want to say is this: When the mail comes of an evening, there comes a big rush, every one wanting to get their mail first, following for their mail before getting near the window. Now, the postoffice is a public business place as well as a place where every one has a right to go in a quiet way and not be run over by a crowd of men with guns, drums, etc.

Now whose business is it to regulate this matter? Could not the professors in the college have something to do with this matter as far as the college students are concerned, as they seem to be the worst in this matter? Give ladies a chance. Old men and children go to the office and dislike very much to be pushed and shoved back until the more active and stronger are all waited on. Politeness should be taught in all schools as well as in colleges.

THE BEST PLASTER.

A piece of flannel dampened with Chamberlain's Pain Balm and bound to the affected parts is superior to any plaster. When troubled with lame back or pains in the side or chest, give it a trial and you are certain to be more than pleased with the prompt relief which it affords. Pain Balm also cures rheumatism. One application gives relief. For sale by the Matthews Drug Co.

AN OLD IDEA.

Every day strengthens the belief of eminent physicians that impure blood is the cause of the majority of our diseases. Twenty-five years ago this theory was used as a basis for the formula of Brown's Iron Bitters. The many remarkable cures effected by this famous old household remedy are sufficient to prove that the theory is correct. Brown's Iron Bitters is sold by all dealers.

The One Day Colic Cure. For colic and sore throat use Leonard's Choice Laxative Quinine. Easily taken as candy and sticks.

THE NUGGET.

DAHLONEGA, DEC. 21, 1900.

The distressed gobblers days are but few.

Our friend F. S. Packard killed two wild turkeys the other day.

The legislature made an appropriation of \$7,000 to the N. G. A. College at this place.

You will find the jury list drawn for the April term of Lumpkin Superior Court on the fourth page of this issue.

FOR REST.—After Jan. 1st 1901, the rooms now occupied by Anderson & Jones and Mr. Marlow, Apply to B. R. Meaders & Sons.

We expected a cold wave the other morning when we found that some thief had been stealing our soap. Sure enough it came but didn't last long.

It keeps the marshal busy to prove the little boys from popping crackers before the time comes allowing them to do this "naughty" authorities.

David Dean, who went to College here several years ago, is now ordinary and located at Franklin, N. C. You can't keep an old Dahlonega school boy down.

Representative Bruce and Senator McAfee have returned from Atlanta, both having done all that was required of them here by their constituents as far as we know.

Never marry a young lady who is afraid of a cow. She may not want to wash the dishes for fear of dropping something on her foot. Too scary for a life time partner.

At the Nugget office you will find warranty deeds, options, power of attorney, bonds for title, leases, criminal warrants, mortgage and plain notes, peace warrants, and all kinds of justice court blanks, cheap.

Now is the time to send in your orders for job work. Don't send it off from home to be done. Remember that you get no patronage from any other town or city, but have to depend upon your own people for a support.

John Green, col., was lodged in jail last Monday on a warrant issued from a true bill found by the grand jury charging him with adultery—paying his respects to Adeline Elrod, a white woman. The woman has not been arrested yet.

Some person stole one of Mr. Watson's turkeys one night last week. If they eat it themselves it ought to choke them to death. A thief with a piece of a turkey in his gizzard would be a pretty looking object to face the devil with.

Mr. Frank Meaders, of Dahlonega, was wedded last Wednesday to Miss Mae Quillian of Belton, Ga., at the home of the bride's father, Mr. Geo. M. Quillian. The bride is one of the most charming young ladies of Hall county, while the groom is a wide awake business man of Dahlonega. The reception here has been postponed until Mrs. B. R. Meaders is able to be up.

The authorities from Forsyth county came up last Monday and took a bond for the appearance of Clyde Loveless at the Superior Court of that county in February, charged with some mischief done several years ago. The sheriff could have sent this warrant to the sheriff of this county by mail and had it executed without any extra expense to Forsyth but we suppose there is plenty of money in the treasury and he preferred making the mileage.

The box supper given at Miss Belle Wimpy's on the evening of Dec. 18th was enjoyed by her many friends, especially by the three college boys who were present. After the boxes were auctioned off, each young man opening his box, found the name of his girl and they were enjoying the contents thereof. Judging from the way the boxes were prepared it seemed that the girls well knew the name of the young man's heart was drawn to his throat.

The grand jury last week did a considerable amount of business. Thirty-nine bills were acted on, 25 being returned "true."

WANTED.—By Brooksher and Chapman, Dahlonega, Ga., a car load of good mules, for which a liberal price will be given. If

Mr. Broymann, general manager of the Consolidated Gold Mining Co. left Sunday for his home in the north to spend Christmas.

T. R. Blake, of Cleveland, Ga., who is engaged in mining, was down awhile last Sunday shaking hands with his many friends here.

New stores continue to open out in Dahlonega. J. M. Ricketts being the last one who has moved here and decided to handle the yard stick.

Dr. A. Spurling, in the old Drug Store building is the place to get tobacco, cigars, nuts, apples, fire works and other Christmas goods.

A gentleman residing at Counsersport, Pa., in renewing his subscription on the 10th inst., adds: "I do not want to miss a single copy of your paper."

We saw a young man in town one day last week with a sack containing ten possums, nine of them being young ones. The last seen of him he was refusing a dollar for the lot.

The amount of fines imposed by Judge Estes here last week figures up \$895.00 besides the cost. Cost counted would run it up to over \$900.00 probably. Most all caused by liquor.

Tate Simmons, who left this county and went to the west sixteen years ago, is back on a visit to his many friends here. He now lives at Okklahoma. We are all glad to see him.

Deputy Marshal Grizzle and Collector Richardson destroyed two more illicit distilleries latter part of last week. One in Dawson county and the other in Lumpkin, but captured no one.

The near approach of Christmas does not only cause the price of eggs and turkeys to advance, but also blockade liquor. It found a ready sale in Dahlonega last Sunday at 60 cents a quart, causing quite a number to feel good and put on a happy appearance.

As the chimney flue to the Nugget office is close to the Santa Claus to enter we will leave the latch string swinging on the outside of the door so he can give it a pull and enter our sanctum, should he have a surplus of presents and be thoughtful enough to remember country editors.

It is said that Bob Sutton, while visiting a Mr. Sexton, the other day, near the line of white and Lumpkin, came near being seriously injured by a pot hog. He was told not to kick it when his heels flew up and the hog was on him like a chicken on a hone bag. He was unable to get up until the girls pulled the hog off, rendering him able to reach a place of safety.

After D. T. Simmons, of Oklahoma, had spent a couple of days in Dahlonega he came to us last Saturday and said that he could see a wonderful improvement here since he left. In reading the Nugget in the west, he was of the opinion he said that we were exaggerating, but since looking around had found that we were correct in every particular about the prosperity now being enjoyed in Dahlonega.

In order to give the office hands a little rest at the end of the twelve months no regular size paper will be issued from this office next week—only something like a half sheet. As to ourselves we will not have much time to spend owing to a rush of job work during the holidays. We are getting most too old to enjoy ourselves much on Christmas but like to see the little ones pass the time off pleasantly and only wish that we were a boy again. Our patronage for the past year has been very liberal for which we return our heartfelt thanks to one and all and wish our readers a merry Christmas.

The miners will take about a couple of days rest next week.

Mrs. Anno Smith is visiting her mother, Mrs. L. Q. Meaders, in Dahlonega and other relatives.

Miss Birdie Meaders, after an absence of some time has returned to Dahlonega to spend Christmas.

Judge Kinsey informed us last week that he would be a candidate for the judgeship of this circuit again.

Postmaster Benj. Braeket, of Auraria, was confined in Lumpkin county jail last Saturday some five or ten minutes until settling a fine imposed by Judge Estes for misdemeanor.

H. F. Anderson, one of Lumpkin county's most prosperous farmers, has quit the farm and moved to Dahlonega. Mr. Anderson has made thousands of bushels of corn but has reached the age now that requires rest.

We are out a little earlier than common this week because we want to wash the office towel, clean up the house and part our hair in the middle so as to be able to give Santa Claus a big reception when he comes.

County School Commissioner Seabolt's team, while standing on the square Saturday night, alone attached to a wagon took a notion to go home and started off at quick speed and ran until reaching a gulley on Brick Yard Hill. No damage.

We have room on our books for a few more cash subscribers. We care for none others. A man who wants to read his county paper for nothing is no benefit to the editor, himself nor the country in which he lives. If you are in search of free reading you will have to look in some other direction.

Virge Parks lives some twelve or thirteen miles out in the Western portion of the county. Last Friday afternoon he remained here until a late hour when he and merchant John Bennett, who lives near Mr. Parks, left for home. As they neared their destination at about 12 o'clock Mr. Parks heard his dogs barking at something in the direction of his corn crib, causing him to remark that there was some body at it. They slipped up near enough to observe the object of a person at the door of the crib and it was not long till the owner was at the place and his hands on the person who he found to be the wife of Martin Wehant (Red Foxes wife) helping herself, already having about half a bushel in her sack. The woman was brought to town and after a hearing before Squire Allen was committed to jail in default of a \$1.50 bond.

On Thursday night of last week at Wesley's Chapel, situated in the extreme Western portion of the county, while a box supper was being had, the proceeds to be used in the purchasing of literature for the Sunday School, a big row occurred right in the Lord's house during which one man's hand was cut with a knife and others considerably bruised up. The particulars as we gleaned them are as follows: While the names on the boxes were being called Alfred Parks, sitting back in the assembly kept up such a noise as to disturb the one calling them and to such an extent as to cause him to request Zan Mincey to go and ask the disturber to be quiet. This enraged Foster who raised up and with an open knife backed Mincey until he reached the floor of the stand and could go no farther, when Foster made a lick at Mincey's throat with his knife, whose hand was caught by Will Mincey, a brother to Zan, and the keen edge of the blade cut its way through the flesh of the holder's hand and the "fun" commenced. What else occurred we did not learn but know enough to say that it reached the ears of the members of the grand jury a short time before being ready to adjourn and they came near holding over another day for the purpose of making an investigation.

Several young ladies are soliciting money for the purchasing of presents for the Methodist Christmas tree.

Some of the boys are exploding dynamite on the outskirts of town at night to annoy the marshal. This is very dangerous sport.

Tax Collector Sargent has been very busy here for the past three days receiving tax money. He closed his books yesterday and the officers will collect the remainder.

John H. Moore is increasing his stock of groceries and doing a splendid business in this line besides selling a large quantity of eatables kept in his market. Every one advertising in the Nugget is doing a thriving business.

Old Uncle Alfred Herrington, of Porter Springs, told us Saturday that seeing a certain merchant ad. in the Nugget the day previous caused him to come 10 miles to trade with him. Can't you see the benefits derived from advertising?

The old soldiers and soldiers widows entitled to draw money from the state residing in this county, have been in this week making out their claims. Some of them presented a pitiful looking appearance. We noticed one going up carrying an empty sleeve, some wounded in the head, others in the arm, body and leg all caused by facing the enemy while in defense of their country. Occasionally we noticed a poor old gray headed lady headed towards Judge Tate's office so feeble that she had to be supported by some relative, who had lost her companion, having died during the war or since from the effects of wounds received while in the cruel struggle. It was a sad sight.

Mayor Price had several cases to dispose of last Saturday. First came an indictment, who had taken on enough pop skull to cause him to be perfectly wild at his boarding house (A. F. Stow's) so much so that it was dangerous to be about him. His fine was \$10 and cost which he paid and departed for home the next morning. Second was a lot of "frying size" boys, two of them belonging to members of the council, who had been exploding fire crackers contrary to the city laws. They were discharged and the matter reported to their parents. Next was Moses Blackstock, who had slipped enough of moonshine's tea to cause him to be locked up the previous day. Soon afterwards a smoke was seen issuing from the calaboose. At first it was believed by some to be the man's socks a fire igniting from the hot popskull liquid he had drunk, but upon opening the door Moses was discovered burning one of the blankets. The fine, damage and cost all amounted to \$9.00. This ended the business of the day and court adjourned.

Rev. Wallace Rogers, the new Methodist minister appointed to this place, occupied the pulpit both Sunday at 11 and at night, who, it is said, delivered two excellent sermons. During his remarks he devoted some time to erring members, getting after them with a sharp stick. He said that if he caught them doing any thing mean he would tell it on them and if they caught him doing wrong they were at liberty to tell it to the people. We do not know whether Mr. Rogers will succeed in accomplishing any good or not. You see there is a variety of members belonging to the Methodist church as well as all other churches—religious members, drinking members, cursing members and several other kinds of members, and if their pastor does not preach to suit them they will refuse to pay their dues and the religious members not being strong enough to meet the demands, causes the pastors' meal tub to become empty, and he will get so weak and lean that a change of sermon soon takes place. Bro. Rogers has a small family and he may be able to stand the storm.

College society envelopes for sale at Nugget office.

Capt. Hall has left Ingleside, Ga., and gone to his Florida home.

Last Sunday was a lovely day and the services at three churches were largely attended.

All the defendants sentenced last week have paid their fines except Arthur Lightner. He is still in jail.

The grand jury returned a true bill against Parker Edmondson last week for bigamy and he was arrested by Geo. Walker on Wednesday last and lodged in jail.

The other day when constable Tom Sain went over to old man Lackeys to levy on some cattle for W. J. Burt the old lady ran Mr. Burt off and tried to kill the bailiff.

The Matthews Drug Co. have received a beautiful lot of Christmas goods. Go and see them before making your purchases for the great holiday. Fire works in abundance.

Now if you wish to purchase something nice for Christmas, go to H. D. Gurley & Sons. They have just received a nice lot of valuable Christmas goods suitable for presents. Call and see them early before they are all gone.

A. N. Asbury and one of his sons of Crawfordville, Ga., were registered at the Dahlonega Hotel this week. The object of Mr. Asbury's visit is to look him out a place to move. We welcome him to our midst. We understand that the gentleman and his family are old time religious people—the kind who are a benefit to any community.

Charity Gaddis, an aged woman who resided two miles from Dahlonega on the Gainesville road was found dead some fifty yards from her house last Monday afternoon by Mrs. Henley Wimpy. She had an ax in her hand and quite likely started in search of some fuel to make a fire. It is supposed that she died of paralysis of the heart. Her age is 65.

J. W. Hutchins was lodged in jail last Monday on a warrant charging him with assault and battery by the grand jury—person being Mrs. Arizona Jones. After his arrest Mrs. Ricketts, the mother of Mrs. Jones, swore out two more warrants, one to keep the peace and the other for assault and battery—trouble occurring at her house on Monday. Mr. Hutchins has given the required bonds.

At Copelands you can get all kinds of fancy, stick and bucket candy. Best stick candy 8 cts. per pound. Also Grape Nuts, prunes, raisins, oranges lemons, cocoanuts, buckwheat flour, New South Georgia Syrup, full cream cheese, etc. He is also offering special bargains in shoes during the holidays, and has a full line of men's women's and children's rubbers. Call and save money.

A certain gentleman got a little miffed recently because we stopped his paper when his subscription expired. We take it for granted when a subscriber knows his time is out and does not renew it that he does not want the paper any longer. This is one reason why we discontinue people's paper and another is, we are working for a living and if we do not get our money promptly cannot keep things moving in the office. No business can prosper without the use of money.

There were no opposition last Saturday to the four aldermen previously nominated and but 24 votes were cast, being the highest vote ever polled in an election of this kind in Dahlonega. The ticket elected is composed of the following business men: Col. O. J. Lilly, Dr. Jones, E. E. Crisson and T. F. Jackson. Dr. Jones and Mr. Crisson are present members of the council, showing that they must have discharged their duties else they would not have been nominated and elected without any opposition.

Mining Notes.

We learn that new gold mining operations will begin in Lumpkin county first of next year.

Over at Tucker Hill Mr. Packard is doing much but saying little.

They have two hoists in motion down at the Briar Patch and are making a progressive move in all other operations about the mine.

John Martin is making splendid progress at his mine in White, having followed one vein 700 feet, making 400 pennyweights of gold at an expense of only \$75 recently.

After many months steady running of Birch Bros. dredge boat in the Chastotee river its machinery will cease moving for a few days next week in order that the laborers may take a little Christmas.

We are informed that John Martin, of White county, has made arrangements with Mr. Ashly, who is preparing to mine the beds of Chastotee river and Yahoola creek, to build him a dredge boat to put into Mud creek on his property in White.

The Hand mill is still kept running day and night, giving good results from ore taken from different veins on the property. At the beginning of the year more active work will commence down that way. Machinery is being put in position to continue the sinking of the Mary Henry and two other shafts across the creek.

James Hughes, who is superintending the Betz mine will no doubt run it on a more economical plan than the former manager, and will do so without having a lot of hay, bran and oats charged up to the owner. We never heard of its taking this kind of material to run a mine before, nevertheless Mr. Betz is charged up with it, causing him to have an investigation made.

Last week a fine strike was made on Crown Mountain property near town. Henry Roberts, the veteran prospector, was following some surface indications and out crop and on going down with the hole for a few feet exposed a good sized vein which is widening out with depth. The stuff is very rich, running \$183.96 to the ton, the values all being free milling. The saprolite on Crown Mountain is interspersed throughout with these rich veins which raise the total value in gold to a high average. Mr. Moore, the general manager, informs us that they have struck 23 different paying veins beyond the Mountain. It looks to us that it would pay to build a small mill on that side so as to work the large amount of valuable ore being discovered there, as the mill on this side can be kept running for years on ore near by.

Messrs. Cravens, Cook and Larrabee, who are engaged at mining in White county, spent two days in Dahlonega last week looking at the mining operations in our vicinity. The former gentlemen are mining for asbestos and the latter is engaged in taking out the yellow metal. While in the city Mr. Larrabee and Mr. Cook paid our office a pleasant visit. We were shown by the former gentleman quite a nice lot of vein and placer gold taken from the mines he is managing. Arrangements are being made to put a ten stamp mill in operation, each stamp weighing 750 pounds and work the veins with compressed air drills which will enable him to handle the ore more rapidly and much cheaper. Mr. Larrabee has great confidence in the continued success of his mine, as well as all other operations in that county, and says he thinks that the mines of White are as rich if not richer than those of Lumpkin. Asbestos mining has been carried on successfully in that county for years, the nearest shipping point to the mine being Clarkesville, a distance of thirteen miles over a very rough road, but Mr. Cook is of the opinion he says that they will have an electric line to Nacoochee at an early day which will certainly fill a long felt want and greatly reduce the expenses of shipping their asbestos.

Someone reasonably hope for good health unless his bowels move once each day. When this is not attended to, disorders of the stomach arise, with nausea, headache, dyspepsia, and piles soon follow. If you wish to avoid these ailments keep your bowels regular by taking Chamberlain's Stomach and Liver Tablets when required. They are so easy to take and mild and gentle in effect. For sale by The Matthews Drug Co.

The driving of the Great Northern Railway tunnel through two miles and a half of solid granite in the Cascade range of mountains is one of the most notable engineering feats of the century. Boring was started at each end towards the center, and so accurate were the engineers' calculations that at the meeting point the difference of alignment was scarcely one inch. This cutting through refractory material was accomplished in forty-five months by 800 men, operating thirty-two compressed air drills, a veritable miracle wrought by modern machinery.

Deafness Cannot be Cured, by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

THE Crown Mountain Gold Mining & Milling Co.

The Crown Mountain properties are situated in the very heart of the Georgia gold belt and is in the radiating center of all the leading gold veins of the Dahlonega District. They embrace what is believed to be the mother lode of the Appalachian Range.

The extensive and rich ore bodies in sight upon these properties assure long continued mining operations and the indisputable guarantee of the permanent and increasing value of the stock of "The Crown Mountain Co."

The projectors of this company were the first to revive the mining interest in this district in 1896. After three years of careful and exhaustive examination of all the mines of the district of reputation as gold producers, and they had the choice of all, they selected the Crown Mountain combination as the ideal gold mine of the district which would yield or produce the most gold with the least expense. This opinion is shown by all the mining engineers, mining experts, miners and citizens of any standing in the district who are familiar with the properties. As an evidence of this we here state that more of the citizens of the town of Dahlonega and vicinity have taken stock in this company than have in all the other companies combined that have organized in this district.

The company is to be managed by practical business men—who have given much of their time to mining and mining operations, and always with unvarying success.

The present directory is for the most part composed of men who have had much experience in the mining enterprises, and under its efficient and economical management, and by reason of a visible gold supply that is practically inexhaustible, an investment in the stock of this company is undoubtedly safe. The capitalization of the company is not commensurate with the visible productiveness of the properties and is meagre compared with the capitalization of other lusty celebrated mines in the district, and the management believe it will be able to make the stock worth above par.

We invite all prospective investors to make a personal inspection of the mines. We also invite them to examine all the other mines in the district—compare the quality and quantity of the ore and the facilities for economically treating the same. We have no fears of where the choice will fall.

Under former notice of advance prices, the stock of this company will be sold at the minimum price of 50.00 per share. For further information apply to J. E. or J. B. Moore, Dahlonega, Ga., or D. W. Smith & Co., 10 & 12 West Spring Street, Columbus, Ohio, or Gen. Warner, Marietta, Ohio.

POSTPONED ADMINISTRATOR'S SALE.

Agreeable to an order from the Court of Ordinary of Lumpkin county will be sold at public auction, to the highest bidder, before the court house door, said county on the 1st Tuesday in January next, within the legal hours of sale, the following property to-wit:

All that parcel of land in the town of Dahlonega, Ga., described as follows: Beginning at the East corner of Chestnut Street and Arendia Avenue on the land lot No. 354 in the 12th District and 1st Section, and running South-West along Arendia Avenue 440 feet to the fence of the college drill ground, thence North-West 132 feet along the present line of fence opposite said college drill grounds, thence North-East 40 feet along the line of Capt. Ingersoll's lot to Chestnut Street, thence down and along Chestnut Street to the beginning corner. On said parcel of land is located a brick dwelling house and other improvements. Also another parcel of land in the town of Dahlonega adjoining the said parcel above described as described as follows: Beginning at the beginning point of first named parcel, thence North-East along Chestnut Street until the line reaches the North and South line on the East side of land lot number 940 in said district and section, thence North-East along said land line and the fence as the college drill grounds until the line strikes the South corner of said first named parcel of land, thence on a straight line to the beginning point. Both said parcels of land lying contiguous the one to the other form one entire tract of land containing by estimation five and one-half acres of land, more or less, the same being now under fence, and the same will be sold in one body. Also the lots at West Point in said town of Dahlonega described as follows: The house and lot where John Roberts now resides, being 210 feet by 100 feet. Also the house and lot where John Adams now resides, described as follows: Beginning at the North-West corner of said lot and running South-West 115 feet, thence South-East 45 feet, thence North 61 feet, thence East 14 feet, thence North 57 feet, thence 115 feet to the beginning corner. Also the house and lot where John Brooks and Lafayette Roberts now resides, said lot being 70 feet by 170 feet. The last mentioned three lots lying contiguous, the one to the other, but will be sold in separate lots. Also two lots of land number one hundred and twenty and one hundred and thirteen, lying and being situated in the North-Half of the 13th District and 1st Section of Lumpkin county, Georgia, each lot containing 40 acres more or less. Sold as the property of Charles D. Griggs, late of Volusia county, Florida, deceased. Terms cash. This day of November, 1900.

W. J. WORLEY, Adm'r.

with the will annexed of Charles D. Griggs.

The One Day Cold Cure.

Gerhardt's Coughs. Laxative Ointment cold in the head and sore throat. Children, then like candy.
